20th November 2025

A mind that is stretched by a new experience can never go back to its old dimensions
~ Oliver Wendell Holmes

Dear Parents,

We believe that the great outdoors lends themselves to instilling a sense of awe, which helps open young minds to both introspection and new capabilities. Adventure based activities provide opportunities for children to engage, learn by doing, stretch beyond ones' limits and build on the success know-hows. When children experience learning through a taste of something tangible, they **relish the knowledge** and cherish its **unforgettable impact** for a lifetime.

With this in mind, we have organised ***Self Learning Camp***, a 5-day 4-night comprehensive outdoor education programme for the students of class XI to be conducted from 08-01-2026 to 12-01-2026 at Yercaud in collaboration with INME Learning Pvt. Ltd. The Camp is an opportunity for students to step beyond the school setting and participate in a great array of learning experiences offered within the community and natural environment. It is ingeniously designed to build in appropriate challenge, adequate safety, and meaningful learning objectives.

A **participation fee of INR 21000** for the Self Learning Camp has already been collected in the annual charges of Class XI to cover the travel fare to and from the camp site, the accommodation and food charges for 5 days and 4 nights, the cost of excursion gears, safety equipment and activity material, and the professional fee of mentors and training experts involved in the camp.

During the Camp, students are expected to attend all events scheduled enthusiastically. Impeccable behaviour is expected of them towards teachers, trainers, support staff and other participants at all times. Additional instructions are,

DO'S

1. Limit to one piece of luggage (duffle bag or rucksack, not suitcase, trolleys or hard luggage) which can be carried on your own.

DELHI PUBLIC SCHOOL COIMBATORE
