Dear Parents and Students,

Today, as I prepare to turn the page of this cherished chapter of my life, I am filled with profound gratitude and reflection. Serving as the Principal of DPS Ludhiana has been more than a profession. It has been a calling, a journey of purpose, and a privilege beyond measure.

Every classroom I've entered, every conversation with students, teachers, and parents, and each milestone we've achieved together reflects the spirit of this remarkable institution. I've witnessed our students flourish and turn challenges into triumphs.

As always, this year too had been full of achievements across different arenas. We have been awarded with the Sterling School Award for being the Green School for five consecutive years. Also, in recognition of the remarkable performance of our students in the National Inter - School Cryptic Crossword Contest (CCCC 12.0), the school was honoured with the CCCC Star Institution Award. Participation in sports and extra curricular activities has also been very rewarding.

You have performed very well in your annual examination and I wish you all the best for the upcoming session. May you all rise and shine bright in life.

I leave with immense pride, deep appreciation, and boundless hope for the future of DPS Ludhiana.

With heartfelt gratitude

Balmit Kaur
