Khoj- A Starry Quest of Dreams and Discovery.

Khoj—a luminous odyssey of self-exploration is one of the most anticipated traditions of our school. It is that enchanting night when children gently unlace their parent's protective clasp and step forth with newfound poise and courage. They savour the tender thrill of independence and the dawning sense of responsibility within the nurturing cocoon of their alma mater.

Khoj seeks to entwine young hearts to help them weave authentic friendships, awaken empathy, and revel in the rhapsody of togetherness. The camp bestows upon them the liberty to explore, wisdom to care for their possessions, and grace to cherish the bonds they forge along the way. What renders this night truly resplendent is its perfect medley of merriment and meaning. Games echo with uninhibited laughter, a night that breathes imagination, and a bonfire that dances beneath a star-sprinkled sky, radiating warmth and wonder.

As dawn unfurls its golden veil over a night steeped in joy, melody, and shared reverie, the children depart with eyes glistening, hearts aglow, and spirits enriched with a symphony of memories that nestles forever in the tender corridors of their youth.

Through my Eyes

Tonight, at school,
Beneath the sky,
The stars are shining
So bright and high.
With friends we laugh,
We talk, we play –
Khoj makes it
A special day.
Stories, games, and laughter all night,
Our school will glow, soft and bright.
Together we learn, together we explore.,
In Khoj, we find a smile,
We find a home.

CAMPUS CAPERS

- Brimming with excitement, some children had started packing their bags for the night camp weeks ahead of time.
- Gleeful cheers filled the night air when children went for a tractor ride beneath the starry winter glare.
- The rocking and rolling students grooved around the bonfire, singing their hearts out and dancing the night away – their joy knew no bounds!
- Warm food and delicious snacks, sips of tea and coffee in the chilled air – giggles, smiles, sharing, and caring made khoj a memory beyond compare.
- Children were spotted whispering and giggling under their blankets, too excited to fall asleep!

Gaiety, Gala & Goings – On

- **Rocket Blast**
Little challengers lined up with bright smiles, aiming their rockets through five hanging hoops to strike the final target and claim victory.
- **Find Your Partner**
Giggles filled the basketball court with children holding cards of famous players. They searched for teammates carrying the matching sport, eagerly pairing Messi with Football, Djokovic with Lawn Tennis, and Kohli with Cricket.
- **Cute Ones in a Row**
Children squealed with delight as they tossed colourful rings toward the three giant ducks lined up in buckets, aiming to loop each one in perfect order.
- **Pyramid Hunters**
With tiny jumps of excitement, children aimed at the stacked tumblers, bursting into laughter every time the pyramid wobbled—or dramatically tumbled!
- **Musical Ball**
The circle was full of suspense and smiles as children hurried to pass the ball before the music paused—each hoping to stay in the game till the very end.
