

PARENTAL CIRCULAR

25 February 2026

DPS/PAT/PC/23/25-26

A child's path to success is shaped by the love, guidance and consistent involvement of their parents.

Dear Parents,

Families and teachers stand as the two strong pillars of a bridge, united in guiding children toward knowledge, confidence and holistic growth.

Every child is unique and extraordinary and hence it is essential for them to feel that they are unique. From the beginning of time until the end of the world there will never be another exactly like them.

Recognizing the vital role that parents play in a child's journey we are pleased to announce a Virtual Parental Workshop for parents of students from Nursery to Class III. This workshop aims to provide a meaningful platform to further strengthen the partnership between home and school.

A child's academic progress and personal growth are deeply influenced by the collective efforts of the adults in their lives. When parents and teachers work together we can offer the guidance, direction and support children need to truly thrive.

Following are the workshop details:

Date -28-02-2026(Saturday) / Timings: 8.30 am to 10.15 am

Class	Topic
PN & Nursery	Home School Connect: "Reinforcing learning beyond school"
Prep	Listen Think & Write: "The Foundation of Strong Learners"
Class I	Beyond Reading: "Developing Thinking Skills Through Effective Communication"
Class II	From Reading to Thinking "Building Comprehension Skills"
Class III	Navigating Changes in Student's Assessment Pattern

We warmly encourage you to actively participate in the workshop and we are confident that the session will offer meaningful insights and practical strategies to help nurture your child's growth at home.

To ensure convenience for both working and non-working families the workshop will be conducted online. You may join using your child's ERP account login or via the Zoom link which will be shared by your ward's Class Teacher.

Let us come together to take this small yet significant step toward building a stronger and more impactful partnership for the benefit of our children.

Warm regards,
Team DPS
