About The School

Nestled amidst the expansive, verdant canvas on the riverbanks of the sacred Ganges, DPS Prayagraj stands as an edifice dedicated to the profound cultivation of character and intellect in every student it embraces. Our institution, with unwavering resolve, endeavors to unfurl a robust developmental program that embraces the quintessence of holistic education. Rooted in the principles of nurturing the intellectual, spiritual, emotional, physical, and cognitive facets of each student's journey, we ardently recognize that personal growth, as well as individual strengths, are the keystones to an enlightened future.

In the grand tapestry of our educational philosophy, we proudly weave threads that dispel the notion of undue pressure, championing an atmosphere where hope and ambition flourish. At DPS Prayagraj, we instill a deep-seated sense of self-esteem. Beyond the confines of traditional classrooms, we embark on experiential learning expeditions, allowing our students to explore the realms of knowledge with an insatiable curiosity, answering the queries that surface with the beautiful gift of self-discovery. Here, our students aren't merely guided through the known; they are inspired to take bold strides into the unknown, embracing challenges without the specter of failure. This is the crucible where highly self-driven individuals emerge, nurtured by an environment that values not only what they learn but how they learn. At DPS Prayagraj, we beckon our students to embark on an academic and co-curricular journey where their learning journey is ignited by their own inquisitiveness. It is a place where we instill not just knowledge but a lifelong love for learning and the courage to tread the path less traveled with unwavering self-determination.

Message from the Principal

Dear All,

It is with great pleasure and enthusiasm that I invite you to SURGE 2025, an Academic Odyssey hosted by Delhi Public School, Prayagraj.

SURGE 2025 promises to be an inspiring celebration of knowledge, innovation, and creativity, featuring a vibrant array of activities across multiple disciplines — **Commerce, IT, Science, English, and Social Science**. This fest provides students with a platform to think critically, express creatively, and collaborate meaningfully.

The dedication and enthusiasm of the organizing committee, participating schools, and mentors have made this event a truly collaborative endeavor. I extend my heartfelt gratitude to all contributors for their unwavering commitment and support.

As we embark on this academic journey, I am reminded of the words of the renowned author Jorge Luis Borges, who wrote:

"I have always imagined that Paradise will be a kind of library."

In that spirit, may SURGE 2025 become a paradise of learning — a space where imagination, intellect, and innovation merge to inspire every participant.

With heartfelt enthusiasm, we welcome you to this grand celebration of knowledge and creativity. Together, let us make SURGE 2025 a truly memorable and enriching experience for everyone involved.

Dr. Sujata Singh,
Principal,
DPS, Prayagraj.

Technothon

Technothon 2025, under **SURGE** at Delhi Public School, Prayagraj, is an annual IT fest celebrating technical innovation and digital creativity. The festival offers a variety of competitions for students from classes VI to XII, providing a platform to showcase programming, web development, robotics, and video editing skills.

Main Events:

- **Runtime Terror (Coding Competition):** This is a coding competition for students in grades IX to XII, where individuals or teams of two solve programming challenges within a two-hour timeframe using languages like Python, Java, or C++.
- **Web Weavers (Webpage Designing):** This is a webpage designing competition for students from grades VI to X, requiring them to create a creative and theme-based website using only HTML and CSS within a limited time.
- **Robo Rumble (Robotics Competition):** This is a robotics competition open to students in grades VI to XII, where teams of two or three showcase their pre-built or custom robots through a 10-minute presentation. The focus lies on innovation, functionality, and design.
- **Frames and Effects (Video Editing):** This is a video editing competition open to students IX to XII, where students would showcase their skills in video editing on the big stage.

Arthotsav

Arthotsav 2025, hosted under **SURGE** by Delhi Public School, Prayagraj, is an exciting economics fest designed for students to explore financial concepts through interactive activities and creative challenges. The event welcomes energetic participation across multiple domains of economics for students from classes IX to XII.

Main Events:

- **Presentation on Economic Issues (Classes XI-XII):** This is an event where students present a PowerPoint on any current economic topic, encouraging them to analyse and articulate recent economic phenomena critically.
- **Advertisement Poster Designing (Classes IX-XII):** This event invites students from classes IX and above to showcase their creativity by crafting a handmade poster on an impromptu topic, offering a vibrant platform for artistic expression.
- **Sales Rockstar (Open to Individual Registration):** This event tests students' negotiation skills as participants are given a product and must successfully sell it within 5 minutes.
- **New Business Idea (Classes XI-XII):** In this event, student teams will showcase innovative business ideas through a PowerPoint presentation, fostering entrepreneurial spirit and encouraging critical thinking.

Quilltopia

Quilltopia 2025 – The Literature Fest at Delhi Public School, Prayagraj, aims to enhance students' language skills, promote creativity, and provide aspiring artists with a platform to showcase talent in literature, eloquence, and artistic expression. Celebrating the richness of English literature, the festival invites participants from Std VI-VIII (Junior) and Std IX-XII (Senior) for a series of competitive events.

Main Events:

- **Quill Ink Slam Poetry:** A slam poetry competition gives students a stage to perform their original work. It combines writing and recitation, encouraging powerful delivery and personal expression.
- **Voice of Drama** – This is a dramatic monologue event where participants embody a character and deliver a solo performance from published works. It emphasises acting skills, emotional depth, and interpretation, often enhanced with props, attire, and background music.
- **Speak Your Mind** – Speak Your Mind is a declamation competition where participants deliver emotive speeches originally presented by others, showcasing their oratory skills and ability to recreate impactful ideas.

Event Contacts:

Dharohar

Dharohar 2.0, a highlight of the SURGE event at Delhi Public School, Prayagraj, celebrates India's diverse culture and heritage. Organised by the Department of Social Sciences, this multidisciplinary festival invites students from classes VII to XII to participate in a vibrant array of competitions designed to honour and showcase our rich cultural legacy.

Main Events:

- **Tales Woven in Twirls (Bardic Ballads):** This event invites students from classes VII to XII to creatively present ballad singing that reflects historical and cultural narratives. This encourages participants to craft meaningful narratives that connect the past with the present.
- **Canvas of Culture (Art Speaks):** It is a painting competition where participants express their aesthetic interpretations of cultural themes, specifically focusing on the heritage of Prayagraj.
- **Echoes of the Earth (Beauty of Folk Dance):** It allows groups to demonstrate the spirit of their community's folk traditions through dance, costumes, and music. This event highlights the authenticity and energy of various Indian folk dances.

Sci - Land

Sci-Land under **SURGE 2025** is a vibrant annual event celebrating science, creativity, and quick thinking across two categories: Classes VI to VIII, and Classes IX to XII. The event features an exciting lineup of competitions designed to challenge students' scientific knowledge, presentation skills, and spontaneous speaking abilities.

Main Events:

- **Think or Sink:** This is an exhilarating rapid-fire speaking challenge that tests participants' wit, presence of mind, and eloquence. Contestants must think on their feet and deliver a clear, confident, and compelling one-minute speech on a surprise topic—without hesitation, repetition, or deviation.
- **Lab Rats (Science Exhibition):** This is a dynamic science-based event that celebrates creativity and innovation. Participants present original projects through working models or demonstrations and explain the scientific concepts behind them — all within a concise five-minute presentation..
- **Zap! Zoom! Science Room:** This event brings the wonders of science to life through engaging, hands-on experiments. In this event, teams perform interactive three-minute demonstrations that highlight innovation, curiosity, and the thrill of scientific discover
