EXECUTIVE SUMMARY: KEY CAMPUS FEATURES

- Vast Outdoor Sports Domain: Over 41% of the school's total real estate is explicitly safeguarded as a flat, dedicated playground. This guarantees that multi-sport setups operate cleanly without interfering with academic squares.
- Symmetrical Classroom Formats: Classrooms adhere uniformly to a spacious 26 x 23 ft. structural layout. This allows ergonomic student seating while accommodating modern interactive smart panels.
- Robust Sanitation Density: Features a combined total of 60 hygiene utility points (36 Boys / 24 Girls). This setup keeps student-to-toilet ratios well within highly safe institutional benchmarks.
- Multi-Tiered Creative Spaces: While traditional residential or heavy gym assets are absent, the campus intentionally focuses its floor plans on cultural and cognitive development, featuring built-in spaces for music, dance, and technology workflows.
