MESSAGE FROM **PRINCIPAL**

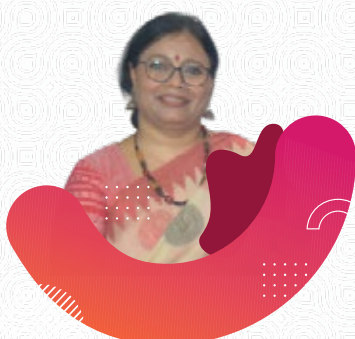

“Education is not preparation for life; education is life itself.”

Education is about awakening – awakening to the power and beauty that lies within all of us. As the Principal of the school, I feel honoured and privileged to be part of an educational institution where every stakeholder is a learner and every day is an opportunity to learn and discover. We look at ourselves as a community of learners, where everyone learns including our teacher. There is a commitment to an integrated curriculum approach through inquiry learning. The development of higher order thinking skills, risk taking, adaptability, cooperation, and communication techniques are fostered.

Best Wishes,

Ms. MITALI ROY

(Principal)
