## Passing the Candle

**GO LIGHT YOUR WORLD!**

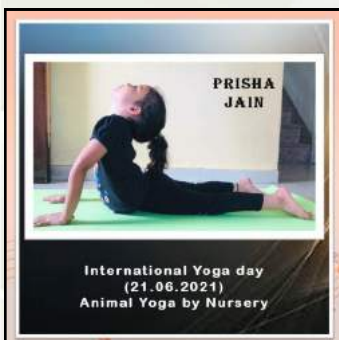

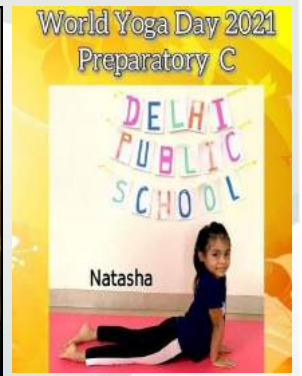

There is a candle in every soul  
Some brightly burning, some dark and cold  
There is a Spirit who brings fire  
Ignites a candle and makes His home  
Carry your candle, run to the darkness  
Seek out the hopeless, confused and torn  
Hold out your candle for all to see it  
Take your candle, and go light your world

## MY VIEWS - SUKRITI KESAR

To my fellow dipsites, writing this is a special experience as I write about my Alma Mater. My journey with Delhi Public School Harni is one I will always cherish, the teachers always motivated the students to be an all-rounder and because of my formative years at DPS, Harni, my schooling sets me apart from the crowd.

All I can tell you is that take pride in the institution that you are a part of, because this school is one of the few that, will allow you to explore your strengths, interests and will encourage a student to be unique in their own right, while emphasizing upon hard work as a gateway to success. Use these years well, as the times have changed and the creative fields are at par with the technical fields and majority of the students are deviating from traditional career choices.

Build your interests, explore the career that suits you and focus more on your strengths and you will reap the fruits of the education that you were imparted by this school not only academically but by building a strong character as it is the first thing that you are judged upon as an individual.
