

Delhi Public School, Kota

DPS/ADM/020/KOTA/2026-27

Date: 11.07.2026

Dear Parent

Greetings from Delhi Public School!

In alignment with the **CBSE's vision under the National Education Policy (NEP) 2020** to promote competency-based learning, critical thinking, inquiry, and the nurturing of students with high academic potential, the school is pleased to introduce an **Advanced Science and Mathematics Programme** for students of Grade IX.

The programme is intended for students who demonstrate a strong interest and aptitude in Science and Mathematics and are eager to explore these subjects beyond the regular curriculum. It will provide opportunities for enriched learning through higher-order problem-solving, scientific inquiry, logical reasoning, project-based learning, and exposure to Olympiad- and competition-oriented concepts.

Interested students are requested to submit their names by clicking on google link given below by 12.07.26.

Link- <https://forms.gle/R1KojwrAVyV1xjZv8>

Selection for the programme may be based on students' academic performance, aptitude, and commitment to the rigorous learning process.

We encourage enthusiastic learners to make the most of this opportunity to challenge themselves and broaden their academic horizons.

Warm regards,

A handwritten signature in black ink, appearing to read 'Anjana', is written over a horizontal line.
