PRO-VICE CHAIRPERSON

MS. MEENAKKSHI SINGH PATHANIA

What sculpture is to a block of marble, education is to the human soul." Education is truly the soul of a society as it is passed on from one generation to another. It is for us educationists to ensure that this inheritance is one that is not constrained by the intellectual and emotional limitations. We, at DPS Kota are committed to providing a comprehensive, holistic education to develop the students into academically proficient, morally upright and socially well-integrated individuals. The compelling challenge of the contemporary education system is to balance the pursuit of success on the one hand, and morality and prudence on the other.

These are the two bases on which education should be constructed.

LEADERSHIP MESSAGES

VOICES OF VISION & LEADERSHIP

MS. MAHUA DAS GUPTA
DIRECTOR PRINCIPAL

It gives me immense pleasure to present this edition of our Newsletter, a window into the vibrant life of our school and a reflection of the learning, growth, and experiences that shape our students every day.

A school newsletter is more than a compilation of events and achievements. It is a meaningful record of our collective journey—a way of sharing with parents and the wider school community the many experiences that take place within and beyond the classroom. Through its pages, we seek to highlight and celebrate student achievements, showcase their creativity

and talents, keep parents informed about school events, activities, and initiatives, and strengthen the connection between home and school. I encourage all parents to go through the newsletter and take a moment to appreciate the learning and accomplishments of our young learners.

Our theme, "Learning to Think, Learning to Do, Learning to Care," beautifully captures our vision of holistic education. We aspire to nurture young minds that question, think critically, and explore; hands that create, innovate, and contribute; and hearts that understand, empathise, respect, and care.

This newsletter is a celebration of our students—their curiosity, creativity, achievements, resilience, and spirit of collaboration. Every classroom experience, project, competition, stage performance, sporting accomplishment, artistic expression, community initiative, and simple act of kindness adds another chapter to their journey of growth. These moments remind us that learning happens not only through textbooks, but also through participation, exploration, relationships, experiences, and reflection.

At the heart of this journey are our dedicated teachers, whose contribution extends far beyond delivering lessons. Their patience, commitment, creativity, and continuous encouragement help transform everyday classroom experiences into meaningful learning.

I also extend my sincere gratitude to our parents, whose trust, encouragement, and partnership are integral to the success of our children. When the school and home work together with a shared sense of purpose, children receive the confidence and support they need to flourish. I hope this newsletter serves not only as an update, but also as a bridge that brings you closer to the life and spirit of our school.

I invite all parents to read through this newsletter, celebrate the accomplishments of our students, acknowledge the efforts of our teachers, and share in the many moments that make DPS Kota a vibrant community of learning and growth.

With warm regards and best wishes,
Mahua Das Gupta

VOICES OF VISION – MESSAGES

It is a matter of great joy to connect with you through this second edition of our school newsletter. Every school year brings with it, countless moments of learning, discovery, achievement, and growth, and this newsletter beautifully captures some of those special moments.

At DPS Kota, we believe that education is not limited to textbooks and classrooms. It is about encouraging children to ask questions, explore their interests, discover their strengths, learn from their mistakes, and, above all, become kind, confident, and responsible individuals.

As I look at the wonderful activities and achievements featured in this newsletter, I feel proud of our students and grateful to our teachers who work tirelessly to bring out the best in every child.

I would also like to thank our parents for their constant encouragement and support. It is this partnership between the school and the home that truly helps our children flourish.

Wishing the entire DPS Kota family many more moments of learning, happiness, and success.

Head, Heart and Hand: Nurturing Holistic Growth

At Delhi Public School, Kota, we believe that true education extends beyond academic excellence. Our endeavour is to nurture every child's Head, Heart and Hand—developing curious minds, compassionate hearts, and capable hands. Through a harmonious blend of scholastic and co-scholastic experiences, we strive to inspire curiosity, foster strong values, encourage creativity, and build confidence, resilience, and self-reliance.

Our vision is to inspire every child to discover their strengths, nurture their unique talents, and grow with confidence, ensuring that each learner feels valued, supported, and empowered to achieve their fullest potential. Together, let us nurture young minds, build character, and shape responsible, compassionate, and confident global citizens.

This newsletter is a glimpse into our journey of nurturing young minds, compassionate hearts, and capable hands, as we celebrate every step of our children's holistic development.

AWARDS & ACCOLADES

HONOURING EXCELLENCE, CELEBRATING SUCCESS

Leadership & Educational Excellence

Our Pro Vice Chairperson, Ms. Meenakkshi Singh, at Prestigious National Education Forums

It is a matter of immense pride for Delhi Public School Kota to celebrate the distinguished participation of our esteemed Pro Vice Chairperson, Ms. Meenakkshi Singh, in two prestigious national forums dedicated to the future of education and the evolving landscape of India's knowledge economy.

Ms. Meenakkshi Singh was invited as a speaker at the 3rd Edition of the ET Annual Education Summit 2026, held on 11-12 June 2026 at Yashobhoomi (IICC), New Delhi. The summit brought together prominent voices from the education sector, industry and allied fields to deliberate upon emerging opportunities, challenges and transformative approaches shaping the future of education.

Her participation as a speaker reflects her extensive engagement with the educational ecosystem and her commitment to encouraging innovative, inclusive and future-ready approaches to learning. The platform provided an opportunity to share perspectives and engage in meaningful conversations with educationists and thought leaders working towards strengthening the quality and relevance of education.

Adding another significant milestone to this achievement, Ms. Meenakkshi Singh was also invited as a distinguished speaker at the CII Annual Business Summit 2026, held in New Delhi. She participated in the session titled "The Future of Education: Creating Global Talent, Driving Global Economy." The session brought together eminent personalities from education, academia and policy to discuss the role of education in developing capable, adaptable and globally oriented talent.

DPS Kota congratulates Ms. Meenakkshi Singh on this distinguished recognition and her valuable contribution to the national discourse on the future of education.

MUN & GLOBAL EXPOSURE

THINK GLOBAL. SPEAK WITH PURPOSE

MUN Achievement – A Testament to Global Citizenship and Leadership

We are proud to celebrate the remarkable achievements of our student, Hridyansh, who demonstrated exceptional diplomatic skills, confidence, critical thinking, and persuasive communication through his participation in prestigious Model United Nations conferences.

At Dynamis MUN, held on 27–28 June 2026 at Kota, Hridyansh represented Finland in the United Nations General Assembly (UNGA). His impressive performance earned him a Special Mention, recognising his dedication, thoughtful participation, critical thinking, and persuasive communication.

Continuing his MUN journey, Hridyansh participated in the Second Edition of SFSIMUN '26, organised by St. Francis School, Indirapuram, on 7–8 August 2026. Representing Finland in the United Nations Commission on the Status of Women (UNCSCW), he once again earned a Special Mention for his commendable performance.

His achievements at both conferences reflect his growing confidence in public speaking, ability to engage in meaningful diplomatic discourse, and understanding of global issues. Through MUN, Hridyansh continues to develop the qualities of leadership, research, collaboration, negotiation, and effective communication—skills that empower young learners to become responsible and informed global citizens.

DPS Kota congratulates Hridyansh on these outstanding accomplishments and wish him continued success in his journey of leadership and learning.

STUDENT LEADERSHIP

YOUNG LEADERS, STRONGER VOICES

Leaders of Tomorrow – Student Council 2026–27

Leaders Today, Changemakers Tomorrow

The Student Council selection at DPS Kota was a meaningful journey of nomination, campaigning, and voting, giving students an opportunity to experience the spirit of democracy and leadership firsthand.

The journey culminated in a dignified Investiture Ceremony, graced by the presence of proud parents. As the badges were pinned, our young leaders took on not just a position, but a promise of responsibility, integrity, and service to the school community.

Leading the council as Head Girl – Anishka (Grade X) and Head Boy – Bhanu Pratap Singh Chouhan (Grade X), our student leaders stepped forward with confidence and commitment.

A badge is a symbol of honour; leadership is a commitment to serve.

"EDUCATION IS NOT JUST ABOUT GOING TO SCHOOL; IT IS ABOUT WIDENING YOUR KNOWLEDGE AND ABSORBING THE TRUTH ABOUT LIFE." – SHAKUNTALA DEVI

SCHOLAR BADGE

Scholars Who Shine – Celebrating Academic Excellence

At DPS Kota, we believe that hard work, dedication, and consistency deserve recognition. The Scholar Badge is a proud acknowledgment of students who demonstrate exceptional academic performance by scoring 90% and above in their examinations.

This initiative celebrates their commitment to learning and inspires every student to strive for excellence.

Recognising Achievement. Inspiring Excellence.

"EDUCATION IS THE KEY THAT UNLOCKS THE DOOR TO UNLIMITED POSSIBILITIES. IT FUELS OUR AMBITION, PROVIDING THE FOUNDATION UPON WHICH GREATNESS IS BUILT."

SPORTS ACHIEVEMENTS

PASSION IN PLAY, EXCELLENCE IN PERFORMANCE

Striving Beyond Limits, Celebrating Every Victory

At DPS Kota, we believe that true excellence extends beyond the classroom. Our young athletes have brought immense pride to the school through their dedication, discipline, and sporting spirit. Our students proudly represented the school at the CBSE West Zone Skating Championship 2026, showcasing their talent at the zonal level. Takshaya delivered an exceptional performance, winning five medals at the Rajasthan State Sub-Junior Swimming Championship 2026, along with a Bronze Medal at the CBSE West Zone Swimming Championship. Our young athletes Divit Jain, Pranshi Duseja, and Tashuk Jain also made the school proud by winning medals at the Rajasthan Open State Roller Skating Championship 2026. The school also participated in the Inter-School Table Tennis Championship 2026, further strengthening our spirit of sportsmanship and healthy competition.

CHAMPIONS WHO INSPIRE

RISING BEYOND LIMITS — CELEBRATING SPORTING EXCELLENCE

At Delhi Public School, Kota, sporting excellence continues to soar as our young athletes turn dedication, discipline and determination into remarkable achievements. We are immensely proud to celebrate the state-level selections of eight talented students across diverse sporting disciplines.

Our achievers include Shrishti Meharia and Rajarnya Biswas in Football, Shaan and Pranshi Duseja in Skating, Ronit Duseja in Chess, Takshaya Singh in Swimming, Purvit Bohra in Karate, and Harshal Saini in Football.

Their selection at the state level is a testament to their perseverance, sporting spirit and commitment to excellence. Each achievement reflects the strong culture of sports nurtured at DPS Kota, where students are encouraged to pursue their passion and strive for their best.

Adding another glorious chapter to our sporting journey, DPS Kota emerged as the Champion in both the Boys' and Girls' categories at the SGFI Skating Championship. This outstanding accomplishment reflects the collective strength, skill and determination of our young skaters.

Eight state selections. Two championship titles. One spirit of excellence.

We congratulate our young champions, their coaches and mentors, and their proud families for these remarkable achievements. May they continue to dream bigger, compete with confidence and inspire many more to rise beyond limits.

LITTLE HANDS, BIG DISCOVERIES

Colours of Baisakhi – Celebrating the Spirit of Harvest

Our Pre-Primary students celebrated Baisakhi with great enthusiasm and joy. The little ones dressed up in colourful traditional attire, enjoyed lively music and dance, and learnt about the cultural significance of this vibrant harvest festival. The celebration was a beautiful blend of tradition, learning and togetherness.

Crafted with Love – A Mother's Day Special

Our Pre-Primary students celebrated the special bond of love with their mothers through a creative Mother's Day craft activity. The little ones joyfully created handmade tokens of love, adding their own colours and creativity to make the day extra special. It was a heartwarming celebration of love, gratitude and togetherness.

Learning by Doing

Our Pre-Primary classrooms are filled with fun, creativity and hands-on learning. Through engaging day-to-day activities, children learn by doing—exploring concepts, developing new skills and expressing their ideas with confidence. Every activity turns learning into a joyful experience!

A WORLD OF WONDER

A day of Sweetness – Celebrating Bon Bon Day

Our Pre-Primary students enjoyed a delightful Bon Bon Day Celebration filled with colours, smiles and fun. Through engaging activities, the little ones explored the joy of sharing, creativity and togetherness, making the day a sweet and memorable experience.

Our Planet, Our Promise – Celebrating Earth Day

Our Pre-Primary students celebrated Earth Day through an engaging role-play and public speaking activity. The little ones confidently shared messages about caring for our planet, keeping our surroundings clean and protecting nature. It was a joyful learning experience that encouraged awareness, confidence and responsibility towards Mother Earth.

PLAY, LEARN AND GROW

A Sparkle of Red – Celebrating Red Glitter Day

Our Pre-Primary students celebrated Red Glitter Day with excitement and enthusiasm. The day was filled with colourful hands-on activities including colour sorting, numeracy tasks, clay modelling and creative art. These engaging activities helped children strengthen their concepts, fine motor skills and cognitive abilities while learning through play.

Roar for the Wild – Celebrating International Tiger Day

Our Pre-Primary students observed International Tiger Day through fun and engaging activities. They learnt about tigers, their habitats and tiger reserves, while discovering the importance of protecting wildlife. The little ones also enjoyed creating tiger face masks and participating in exciting classroom activities, making learning meaningful and enjoyable.

Small Steps, Big Learning

Monsoon Magic

Our Pre-Primary students enjoyed a delightful Monsoon Magic celebration filled with fun and excitement. Dressed in colourful raincoats and carrying umbrellas, the little ones enjoyed Splish Splash slides, a lively rain dance and a yummy corn party. It was a joyful day of laughter, learning and making wonderful monsoon memories!

SPELLO FUN – LEARNING, SPELLING & LOTS OF FUN!

The Spello Fun Competition for students of Grades I and II was an engaging and joyful celebration of words, language, and learning. Designed to strengthen spelling skills and encourage confident participation, the competition provided young learners with an exciting platform to showcase their vocabulary and listening abilities.

With enthusiasm and determination, the little participants took on the spelling challenges, carefully listening to each word and spell it out with confidence. The event not only enhanced their vocabulary and language skills but also encouraged concentration, quick thinking, confidence, and healthy competitive spirit.

The cheerful atmosphere, eager participation, and proud smiles made the competition a memorable learning experience. Spello Fun proved that learning new words can be as exciting as it is rewarding!

LITTLE HEARTS, DIVINE SMILES & PINK DELIGHTS

Raksha Bandhan – The Bond of Five Elements

Our Pre-Primary students celebrated Raksha Bandhan with a beautiful theme of “Bandhan”, where the sacred thread represented the five elements of Earth. The celebration featured engaging activities such as a Braid Corner, Puzzle Corner and a creative Colour Your Flower activity, where each colour conveyed a meaningful value—Red for Love, Green for Care, Blue for Peace and more. Through this special celebration, children embraced the spirit of Learn, Share & Care, making the occasion meaningful and memorable.

PINK HUES & HAPPY HEARTS — CELEBRATING PINK DAY

The campus came alive in beautiful shades of pink as our little learners celebrated Pink Day with enthusiasm and excitement. Dressed in their favourite pink outfits, the children explored the colour through a range of fun-filled and engaging activities.

From identifying pink objects and discovering the colour in their surroundings to participating in creative activities, the celebration offered our young learners an opportunity to observe, explore, identify and express themselves.

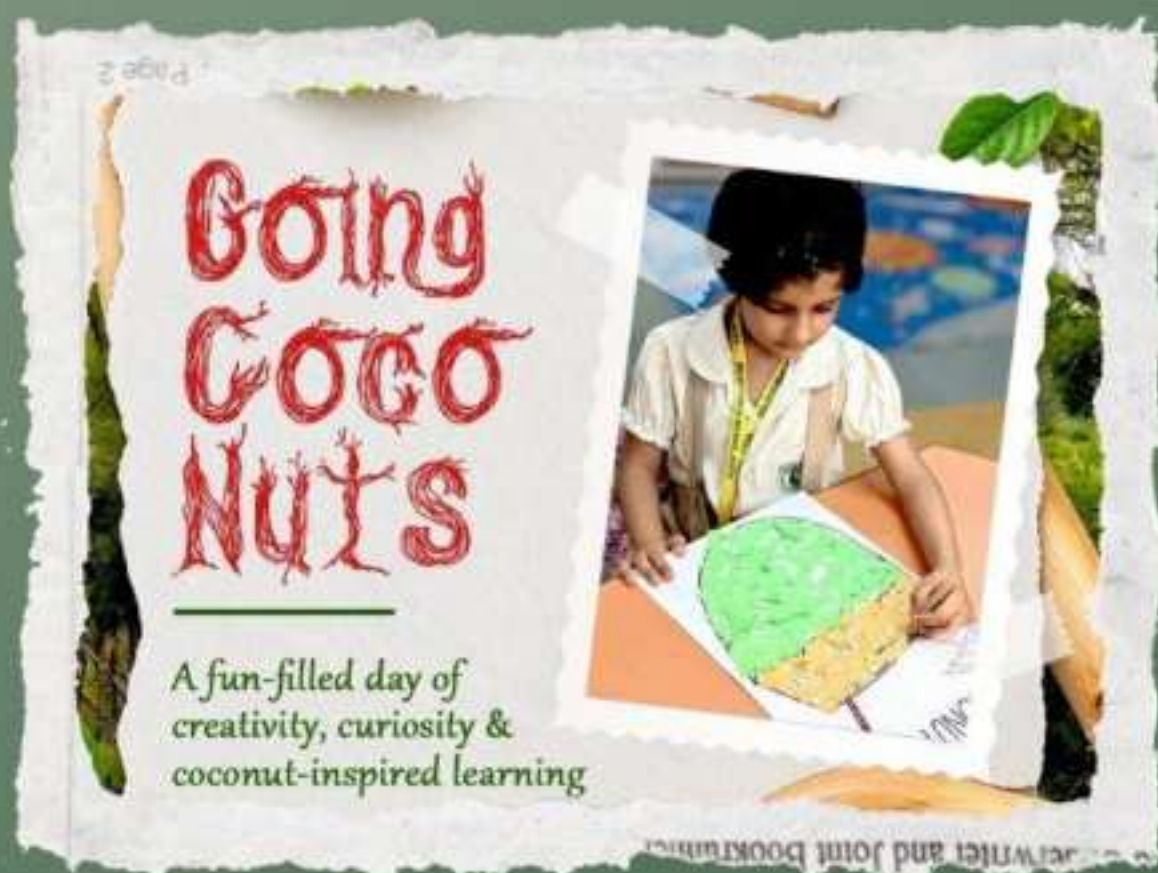

With smiles, laughter and a splash of pink all around, the day was a delightful blend of learning, creativity and joyful experiences, making Pink Day a memorable celebration for our little ones.

LITTLE MINDS IN ACTION

Hands That Build Our World – Celebrating Labour Day

Our Pre-Primary students celebrated Labour Day by expressing their gratitude to the people who make our school a better place every day. The little ones lovingly made handmade thank-you cards and presented them to our housekeeping staff, security guards, drivers and conductors. It was a heartwarming gesture that taught children the values of respect, gratitude and appreciation.

Nature's Wonder – Celebrating World Coconut Day

Our students celebrated through a fun and creative coconut-themed craft activity. The children explored their creativity while learning about the importance and uses of coconuts. The activity made learning interactive and enjoyable.

Celebrating Traditions, Creating Memories

Little Hands, Divine Creations - Janmashtami Craft Activity

Our Pre-Primary students celebrated Janmashtami through a fun-filled craft activity. The little ones created colourful Krishna-themed crafts, exploring their creativity while learning about the festival and its cultural significance. The activity brought together joy, imagination and festive learning.

Divine Beginnings- Celebrating Ganesh Chaturthi

Our Pre-Primary students celebrated Ganesh Chaturthi through joyful and creative craft and activity-based learning. The little ones explored the significance of the festival while making colourful Lord Ganesh crafts and participating in engaging activities. It was a beautiful blend of creativity, learning and festive spirit.

YOUNG MINDS, BRIGHT IDEAS

History Comes Alive – Roleplay : Nation Leaders

Our Pre-Primary students participated in an engaging Role Play on National Leaders, where they dressed up as inspiring personalities and confidently shared a few words about their lives and contributions. The activity helped develop public speaking, confidence and awareness of our nation's inspiring leaders.

Everyday Heroes – Celebrating the People Who Make Our Community Stronger

Students of Grades 1 & 2 explored the important roles of Community Helpers through engaging classroom activities. They learnt about doctors, police officers, firefighters, teachers and other professionals who contribute to the well-being of society. The activity helped children understand the value of service, responsibility and teamwork.

Bonds Beyond the Classroom – Celebrating Friendship, Laughter & Togetherness

Students of Grades 1 & 2 celebrated Friendship Day with joy and enthusiasm. Through fun-filled activities, they explored the values of sharing, caring, kindness and teamwork. The celebration beautifully highlighted the importance of friendship and making everyone feel loved, valued and included.

"EDUCATION IS NOT JUST ABOUT ACQUIRING KNOWLEDGE; IT IS ABOUT EXPLORING THE DEPTHS OF OUR OWN POTENTIAL."

BEYOND THE CLASSROOM

Eco-Friendly in Every Colour

Students of Grades 1 & 2 celebrated the spirit of Independence Day through a creative tricolour paper bag.

Using the colours of the Indian flag, they beautifully decorated their paper bags while learning about the significance of our National Tricolour. The activity fostered creativity, patriotism and hands-on learning.

A Symphony of Verses

Students of Classes 3 to 5 enthusiastically participated in a Kavita Path activity, with poems prepared under the guidance of the Class Teachers and Hindi Teachers. They showcased their talent through clear pronunciation, effective voice modulation, expressive recitation, confidence, and appropriate posture while adhering to the prescribed time limit.

Student compering was also conducted as an integral part of the activity, providing students with an opportunity to enhance their communication and stage-hosting skills. The three best performances from each class were selected based on the prescribed evaluation criteria and awarded Appreciation Certificates for their commendable performances.

Strokes of Excellence

An English Handwriting Activity was conducted for the students of Classes III-V in the month of July. Students were provided with a passage and encouraged to demonstrate neatness, legibility, proper spacing, alignment, punctuation, and overall presentation within the given time. The activity aimed to promote the importance of good handwriting and careful written expression. Certificates were awarded to the winners, and the judges' decision was final.

A CELEBRATION OF TOGETHERNESS

EVENTS AND FESTIVALS

Sing for the Nation

Students participated in the "Sing for the Nation" Group Singing Competition, filling the school with patriotic spirit and melodious voices. Through inspiring patriotic songs, they expressed their love for the nation, unity and pride, while showcasing their confidence and teamwork.

Thinker & Tinker Activity

Our students participated in the "Thinker & Tinker" activity, an exciting STEM-based innovation initiative where they designed and built creative projects using Kota stone. Through hands-on exploration, problem-solving and experimentation, students transformed their ideas into meaningful creations while developing innovation, creativity and critical-thinking skills.

Divine Joy – Celebrating Janmashtami

Our students celebrated Janmashtami with great joy and enthusiasm. Dressed beautifully as Radha and Krishna, they mesmerised everyone with their graceful Rasleela dance performances. The celebration brought alive the spirit of devotion, culture and togetherness through vibrant music, dance and festive spirit.

"OBSTACLES ARE MERELY OPPORTUNITIES IN DISGUISE. WITH EDUCATION AS YOUR ALLY, YOU CAN TRANSFORM THEM INTO STEPPING STONES TOWARDS SUCCESS."

– JOHN DOE

THE JUNGLE ODYSSEY

A JOURNEY INTO THE HEART OF NATURE – SUMMER CAMP

Summer Camp – The Jungle Odyssey

Our much-loved Summer Camp, "The Jungle Odyssey," was a vibrant celebration of creativity, exploration and adventure, with 200+ students participating enthusiastically. Each day brought a new experience, beginning with energetic Zumba sessions and moving into exciting activities such as Science Explorations, Jungle Fireless Cooking, Guess the Footprints, Canvas Painting, Pebble Painting and a Movie Show.

The adventure continued with Binoculars Making, Jungle Safari, Treasure Hunt, Theatre, Animal Races and Animal Dance, giving children opportunities to learn, create and have fun beyond the classroom. The camp concluded with a special presentation for parents, showcasing the children's artwork and theatre performances, which was warmly appreciated by the parents.

And, of course, the camp ended on a high note with a refreshing Pool Party, making The Jungle Odyssey a truly memorable experience for everyone!

"EDUCATION IS THE BRIDGE THAT CONNECTS DETERMINATION AND RESILIENCE, EMPOWERING US TO OVERCOME ANY OBSTACLE ON OUR PATH TO SUCCESS."

PRIMARY PULSE: LEARNING AND DISCOVERY

The Cultural Tapestry of India – Celebrating Our Heritage, Tradition & Diversity

An engaging Indian Heritage and Culture Activity was conducted for the students of Classes III–V in the month of July. The activity enhanced students' awareness of India's rich heritage, including its monuments, festivals, traditions, and national symbols, while developing their observation, memory, comprehension, and critical-thinking skills. It also encouraged enthusiastic participation and healthy academic competition.

Rhythm of Words– Hindi Poem Recitation

Students of Classes 3 to 5 enthusiastically participated in 'Bhavishya Ke Prahari' activity, with poems prepared under the guidance of the Class Teachers and Hindi Teachers. They showcased their talent through clear pronunciation, effective voice modulation, expressive recitation, confidence, and appropriate posture while adhering to the prescribed time limit. Student compering was also conducted as an integral part of the activity, providing students with an opportunity to enhance their communication and stage-hosting skills. The three best performances from each class were selected based on the prescribed evaluation criteria and awarded Appreciation Certificates for their commendable performances.

THE PRIMARY SPOTLIGHT

Unity in Rhythm- Folk Dance

Students of Classes 3 to 5 enthusiastically participated in the final performance of short Indian folk dances representing the diverse states and cultures of India. The activity focused on rhythm, coordination, expressions, basic folk-dance steps, appropriate traditional costumes, and stage discipline. Students showcased their talent, confidence, and understanding of India's rich cultural heritage through their performances. Based on the prescribed evaluation criteria, the top five performers from each class were selected and awarded certificates for their commendable performance.

Guiding Minds, Inspiring Futures- Celebrating the Spirit of Teachers' Day

Students of Grades 3 to 5 presented a heartfelt Teachers' Day Special Assembly to honour and appreciate their teachers. Through inspiring performances, speeches and creative presentations, the students expressed their gratitude, love and respect for the mentors who guide and inspire them every day. It was a warm and memorable celebration filled with appreciation and joy.

SENIOR SPOTLIGHT

Eco Shark Tank - Young Innovators

Eco Shark Tank was an inspiring platform where our students showcased their innovative ideas with a strong focus on sustainability and environmental responsibility. Young innovators presented thoughtful projects such as biodegradable pens embedded with seeds for planting, edible spoons, sustainable table holders, and eco-friendly smart footwear powered by self-sustaining technology.

The event encouraged students to think beyond conventional solutions and transform their ideas into innovations that can contribute to a greener, smarter and more sustainable future. It was a wonderful display of creativity, problem-solving and purpose-driven innovation.

VOICES OF TOMORROW

Words That Come Alive

The English Recitation Activity provided students with a wonderful platform to express themselves through the power of poetry. Students confidently presented carefully selected poems, bringing them alive with clear pronunciation, voice modulation, expressions and appropriate gestures.

The activity encouraged children to explore the beauty of the English language while strengthening their vocabulary, fluency, listening skills and public-speaking abilities. It also helped them overcome stage hesitation and express their thoughts with greater confidence.

With enthusiasm, creativity and expressive performances, the students made the recitation session a joyful celebration of language, imagination and self-expression.

THE POWER OF STUDENT VOICE

Voices That Matter

A debate competition was conducted for the students of Grades 9 and 10 on the topic, "Will Artificial Intelligence Replace Human Jobs?" The participants confidently expressed their views both for and against the topic. The programme concluded with valuable remarks from the judges, who encouraged students to use technology wisely while continuing to develop human skills that remain irreplaceable.

From Campaign to Commitment

Leadership begins with a voice, grows through responsibility, and finds its meaning in service. DPS Kota witnessed an inspiring Student Council Election, where enthusiastic campaigning was followed by a systematic and transparent voting process. Students participated responsibly, casting their votes in an orderly manner and upholding the prescribed election rules. House-wise voting was conducted for House-specific positions, while common voting determined the Head Boy, Head Girl, and Sports Captain. The journey culminated in the Investiture Ceremony, where the newly elected leaders took their oath and embraced their responsibilities with pride. More than an election, it was a meaningful lesson in democracy, integrity, accountability, and leadership- empowering our students to lead by example.

Little Blurbs, Big Ideas

The Book Blurb Activity encouraged students to explore the world of books in a creative and engaging way. Students selected books of their choice and created interesting blurbs highlighting the story, characters, theme and key elements without revealing the ending. Through this activity, they learnt how to capture the essence of a book in a few engaging words and create curiosity among readers.

The activity helped students develop their reading habits, vocabulary, creative writing and communication skills. It also encouraged them to think critically about what makes a story appealing and how words can influence a reader's interest. The students enthusiastically presented their blurbs, making the activity an enriching experience that combined reading, imagination and self-expression.

Where Words Become Art

The Calligraphy Activity provided senior students with an opportunity to explore the art of beautiful and expressive handwriting. Students practised forming letters with precision, maintaining proper spacing, alignment, strokes and consistency while paying close attention to neatness and presentation.

The activity encouraged patience, concentration and attention to detail, while helping students appreciate the aesthetic value of handwritten words. Through regular practice and creative expression, students refined their handwriting skills and discovered how discipline and precision can transform simple writing into an art form.

THE YOUNG ACHIEVERS

Celebrating Our Guiding Lights

The Senior Students' Teachers' Day Special Assembly was a heartfelt celebration dedicated to appreciating the invaluable contribution of teachers. Students expressed their gratitude, admiration and respect through thoughtful presentations, heartfelt messages and engaging performances.

Adding a creative touch, students prepared a "Teacher's Report Card", presenting it in a fun and appreciative format that highlighted the qualities and dedication of their teachers. They also stepped into their teachers' shoes through an entertaining role-play, recreating classroom moments with warmth and humour.

The celebration beautifully captured the special bond between teachers and students, making the occasion a memorable expression of love, gratitude and appreciation for the mentors who inspire and guide them every day.

Voices for Green – Elocution

The "Voices for Green" Elocution Activity provided students with a meaningful platform to speak about the planet, environmental conservation and our responsibility towards nature. Through thoughtfully prepared speeches, students shared their views on protecting natural resources, reducing pollution, conserving energy and adopting eco-friendly habits in everyday life.

The activity helped students understand that even small, conscious choices can contribute towards a healthier planet. It also enhanced their public-speaking skills, confidence, expression and awareness of environmental issues.

EMPOWERING YOUNG MINDS

Unsung Heroes

The “Unsung Heroes” Activity was an enriching initiative that introduced students to the inspiring stories of lesser-known freedom fighters who made significant contributions to India’s struggle for independence. Through engaging presentations and discussions, students explored the lives, sacrifices and courage of these remarkable individuals whose stories often remain beyond the pages of popular history.

The activity encouraged students to discover, learn and appreciate the contributions of these forgotten heroes, while developing a deeper sense of patriotism and respect for the nation. It was a meaningful journey of learning that reminded students that every contribution to the freedom struggle holds a place in India’s history.

Colours of Freedom- A Special Independence Day Assembly

The 15th August Special Assembly was a vibrant celebration of India’s Independence, filled with patriotic fervour and pride. Students presented a beautiful blend of patriotic dances, soulful musical performances and inspiring role plays depicting India’s journey towards freedom and the spirit of the nation.

The assembly beautifully brought alive the values of unity, courage, patriotism and love for the nation, leaving everyone with a renewed sense of pride in being an Indian.

IGNITING THE SPORTING SPIRIT

Celebrating the Spirit of Sports - National Sports Day

National Sports Day was celebrated with great enthusiasm and sporting spirit through an exciting Inter-House Tournament. Students participated in matches across different sporting disciplines, representing their respective houses with energy, determination and team spirit.

The tournament provided students with an opportunity to showcase their sporting skills, competitive spirit and teamwork while promoting the importance of fitness and an active lifestyle. The spirited matches, enthusiastic participation and healthy competition made the celebration a memorable one, reinforcing the values of discipline, sportsmanship, perseverance and unity.

OLYMPIAD STARS

BRILLIANCE BEYOND BOUNDARIES

OUR STUDENTS HAVE BROUGHT IMMENSE PRIDE TO DELHI PUBLIC SCHOOL, KOTA THROUGH THEIR REMARKABLE ACHIEVEMENTS IN VARIOUS OLYMPIADS, INCLUDING THE INTERNATIONAL GENERAL KNOWLEDGE OLYMPIAD (IGKO), INTERNATIONAL MATHEMATICS OLYMPIAD (IMO), NATIONAL SCIENCE OLYMPIAD (NSO), INTERNATIONAL ENGLISH OLYMPIAD (IEO), AND INTERNATIONAL HINDI OLYMPIAD (IHO).

THEIR DEDICATION, CURIOSITY, AND COMMITMENT TO EXCELLENCE HAVE ENABLED THEM TO SHINE AT THE NATIONAL AND INTERNATIONAL LEVELS.

A SPECIAL MENTION GOES TO VIHAN JAIN, WHO SECURED AN OUTSTANDING INTERNATIONAL RANK 5, SHOWCASING EXCEPTIONAL ACADEMIC PROWESS AND DETERMINATION.

ADDING TO THE GLORY, NITASHA SINGH AND SHREYANVI SHARMA ACHIEVED AN IMPRESSIVE INTERNATIONAL RANK 30 IN THE INTERNATIONAL MATHEMATICS OLYMPIAD (IMO).

INNOVATORS OF TOMORROW

STEM & Robotics – Learning Through Innovation

Our regular STEM & Robotics classes provide students with a hands-on platform to explore science, technology, engineering and mathematics through practical learning. The sessions are conducted with specially designed kits comprising circuits, batteries, sensors and other electronic components, and are guided by an experienced engineer who helps students understand concepts through experimentation and application.

As part of the programme, students work on a variety of exciting projects, including an Arduino-based Radar System, Smart Blind Stick, Calculator and Robo-Copter Activity. They also explore automation and technology through Factory Activities using the Fun Linker Kit and create a temperature-controlled fan using the Bitli Kit.

These engaging projects encourage students to build, test, troubleshoot and innovate, while developing essential skills such as logical thinking, problem-solving, creativity, coding, teamwork and engineering aptitude. The programme transforms classroom concepts into real-world applications, nurturing young innovators and technology enthusiasts.

MOMENTS THAT MATTER – SPECIAL HIGHLIGHTS

Achievement in Hindi Olympiad

We are delighted to share that Vihan Jain has brought laurels to the school by securing a Silver Medal in the Hindi Olympiad. Along with the medal, he was also awarded a cash prize in recognition of his commendable performance.

His achievement reflects his dedication, hard work, and strong command of the Hindi language. We congratulate Vihan on this wonderful accomplishment and wish him continued success in all his future endeavours.

In the Spotlight - Student of the Month

The Student of the Month initiative is a celebration of students who consistently demonstrate dedication, discipline, responsibility, and a positive attitude towards learning. It recognises their sincere efforts, active participation, good conduct, and willingness to take on new challenges. The initiative aims to motivate students to strive for excellence, develop a sense of responsibility, and inspire their peers through their actions. Each month, deserving students are acknowledged for their commendable performance and contribution to the school community.

The image displays a collection of 18 hand-drawn posters, each with a unique theme related to health, hydration, and education. The posters are arranged in a grid-like fashion on a green background with a decorative border.

- Posters 1-4 (Top Row):** Focus on hydration.
 - Posters 1 & 2:** "Why Should We Stay Hydrated?" and "TIPS TO STAY HYDRATED" provide reasons and practical advice like "Start the day with a glass of water" and "Always have a bottle of water with you".
 - Posters 3 & 4:** "KEEP OURSELF HYDRATE" and "Keep yourself hydrated" emphasize the importance of water for life and offer tips like "DRINK WATER In The Morning" and "During Exercise Before Bed".
- Posters 5-6 (Second Row):**
 - Poster 5:** "KEEP Myself HYDRATED" features a large, colorful water bottle character.
 - Poster 6:** "Beat the Heat With - Healthy Hydration" offers strategies like "Drink Plenty of water" and "Eat Hydrating fruit like watermelon".
- Posters 7-8 (Third Row):**
 - Poster 7:** "HEAD, HEART, HAND" is a colorful illustration of a head, heart, and hand.
 - Poster 8:** "DELHI PUBLIC SCHOOL, KOTA" features a circular design with a head, heart, and hand, and the motto "LEARNING TO THINK, LEARNING TO CARE, LEARNING TO DO".
- Posters 9-10 (Fourth Row):**
 - Poster 9:** "BUILDING MINDS" and "NURTURING HEARTS" focus on education and empathy.
 - Poster 10:** "SHAPING HANDS" emphasizes skills and future success.
- Posters 11-12 (Fifth Row):**
 - Poster 11:** "HEAD, HEART, HAND" is a simple line drawing of a head, heart, and hand.
 - Poster 12:** "THE ART OF BEING" features a large head silhouette with a lightbulb, heart, and hand.
- Posters 13-14 (Sixth Row):**
 - Poster 13:** "I CAN CHANGE THE WORLD WITH MY OWN HANDS" features a large heart held by two hands.
 - Poster 14:** "THINK (Head), FEEL (Heart), DO (Hand)" features a child reading a book with thought bubbles.
- Posters 15-16 (Seventh Row):**
 - Poster 15:** "EDUCATION THINK FEEL DO" features a tree with a lightbulb and the motto "LEARNING TO THINK, LEARNING TO CARE, LEARNING TO DO".
 - Poster 16:** "EDUCATION THINK FEEL DO" features a tree with a lightbulb and the motto "LEARNING TO THINK, LEARNING TO CARE, LEARNING TO DO".

CREATIVE EXPRESSION

"PROBLEMS ARE COMMON, BUT ATTITUDE MAKES THE DIFFERENCE."
— APJ ABDUL KALAM

INK, IMAGINATION AND INSPIRATION

Poem
Tashreef Nay
Grade - 8th

What we leave behind

Shape a thought
Create a change
Share the kindness
for not only one day
but our great advice
may not be what we
learn.

The three gifts

Shape a mind to question and dream
Nurture hands to create and care
Open a heart to share and inspire -
for true education lives
Not in what we know
But in what we do with it
and with whom we lift along the way

Article
Building minds, nurturing hearts, shaping hands

Education is not only about scoring good marks but also about becoming a better human being. It builds our minds by developing knowledge, creativity, and problem-solving skills. It nurtures our hearts by teaching kindness, honesty, empathy, and respect for others. At the same time, it shapes our hands by encouraging practical skills, teamwork and responsibility through activities such as sports, art, and community service. Schools play an important role in creating confident, caring and capable individuals who can contribute positively to society. When the mind thinks wisely, the heart feels compassionately, and the hands work sincerely, a person becomes successful in both life and character. A good education prepares students to become responsible citizens who contribute positively to their families, communities and the nation.

"Education is not the filling of a bucket, but the lighting of a fire." - William Butler Yeats

Building mind
Nurturing heart
Shaping hands

A holistic vision for our Learning

Building Minds:
We build the mind with books and research, to think and grow through challenging tasks.

Nurturing Hearts:
We nurture hearts with love and grace, to bring a smile to every face, to teach to be kind to self, and pleasant to others to help.

Shaping Hands:
We shape hands to work & play, to create a brighter, better day, to build, to build, to build, to build, and offer help to every friend.

Kishan Sharma

THE SOCIE

Pharwa Singh
2024

It's a beautiful world of beauty, hope, and dreams. It's a world where we can find the best of ourselves and the best of others. It's a world where we can learn, grow, and change. It's a world where we can make a difference. It's a world where we can be the change we want to see.

Let's build a world where everyone has a chance to shine. Let's build a world where everyone has a voice. Let's build a world where everyone has a future.

Head, Heart, Hand

Head is the main organ of the body as it controls the different organs. Everyone has different thinking skills, experiences, and knowledge. It's like making every mind unique. School is a place that nurtures this unique heart. It is an important organ, not only for learning but also for spreading kindness, peace, and improving relationships with friends and family. School is the second home for learning matters. All the intelligence of mind and all the wisdom of heart are incomplete without the hardworking hands. The hands are the softness of love, which is needed to complete when heart speaks ideas. Head and heart are incomplete without the hardworking hands.

- Nisha
8th

The Blooming

Upon three pillars we stand,
Build, nurture, and shape.

Each plays its part, no two the same,
All have importance, big or small.

Attention is given to all.

Minds are built, while hearts take shape,
Hands are nurtured with loving grace.

Lessons are taught and learned, a brave future is crafted, for a pristine state,
Little by little, day by day,
Little hand leads to a world,
In the world, we will be the potential we hold.

Vaidya Shella
8th

NURTURING heart

Nurturing hearts means helping people become kind, caring and respectful. It teaches us to love, help others, and understand their feelings. Parents and teachers play an important role in nurturing our hearts. They teach us good manner, honesty, sharing, respect. They also encourage us to help people in need and care for nature. A kind heart makes the world a better place. Small acts like sharing with friends, helping an elderly person, or saying kind words can make someone happy. We should always be honest, polite and compassionate by nurturing our hearts. We become good doers, responsible citizens and better human beings.

Kindness begins with you.

At the heart of the world is love.

Hemant

Head Heart Hand

Head, Heart, and Hand are three simple words that guide us in how we work and live. The head represents thinking, it helps us understand, make plans, and use knowledge and logic to make the right decisions. Without the head, we are without direction. We can't think for, follow, make, and progress. The heart is the soul, it is the source of love and it is what makes us feel, without the heart, we become mechanical and living. The hand means action and skill. It is how we take our dreams and ideas and turn them into reality. Head, heart, and hand are the three pillars of a good life. We should always use all three together. Head, heart, and hand are the three pillars of a good life. We should always use all three together. Head, heart, and hand are the three pillars of a good life. We should always use all three together.

Harun Khan

GOOD HABITS

IMPROVING VOCABULARY
Reading books is a really good habit than watching TV.
Reading different books and learning new words improve vocabulary.

WILL BE OBEDIENT ONE
Reading books is not just to read a new story but also

INCREASING CREATIVITY
Reading books and

ADDICTION
This bad habit can cause addiction, that is harmful for everyone.

BEHAVIOUR CHANGE
As much as a child watches TV and see different scenes they become increasingly

LESS PHYSICAL ACTIVITIES
As children will be addicted to TV so much that they will forget about their physical health.

DISOBEDIENT AND ALWAYS MAD FOR TV
This addiction of TV can make them become

Nurturing heart

The heart was it own intelligence - learn how to listen to it.

Kindness in words creates confidence. Kindness in thinking creates understanding. Kindness in giving creates love.

No one should ever challenge your mind.

An investment in knowledge pays the best interest.

The true sign of intelligence is not knowledge but imagination.

DHANU
8th

Head Heart Hand
Nurturing head, nurturing the heart, improving the hand.

Thinking critically, creatively and independently. Strive to cultivate respect for oneself, others, and the environment. Learning, skill based exposure, creative arts, sports and connect theory with practice.

Learning to think, learning to care, learning to do.

Chiranjivini - A/

NOURISHING OUR HEARTS
SHAPING OUR MINDS
WITH CREATIVE HANDS

Quote:
"Education is not the learning of facts but the training of the mind to think." - Albert Einstein

Explanations:
• Our hearts teach us kindness, love, and compassion.
• Our minds help us think, understand, and make good decisions.
• Our creative hands help us express ideas, make problems and make the world beautiful.
• Together, they help us become better human beings and build a better future.

Core - Learn - Create - Grow

Arjun Choudhary - 7th

A SHOWCASE OF CREATIVITY

Where kindness blooms, a heart takes form
In gentle words simple truth.
A caring smile, a patient gaze,
Plants hope that grows from despair.

Hands shaped through work and care,
Learning strength by choosing to share.
They build, they mend, they reach, they create,
Turning dreams into tomorrow's fate.

Minds awaken with every why,
Curious enough to touch the sky.
Each lesson learned, each question asked,
Light a path through endless days.

A heart that feels, a hand that serves,
A mind that dares beyond the curves.
Together weave a brighter way,
For every child, for every day.

THE MAKING OF TOMORROW

Building Minds, Nurturing Hands, and Shaping Hearts

By: [Name]

Education is more than the pursuit of academic excellence. It is the foundation of holistic development. It builds young minds through knowledge, nurtures inner values such as empathy, and integrity, and shapes hands with practical skills and creativity. By fostering intellectual growth, moral character, and confidence, schools prepare students to become responsible, compassionate, and capable citizens who contribute meaningfully to society.

A strong foundation fosters intellectual curiosity, creativity, and a lifelong love for learning. Equally important is the cultivation of values such as empathy, integrity, respect, and resilience, which empower students to positively impact their communities.

NEWS ARTICLE

Building Minds, Nurturing Hands, Shaping Tomorrow

Delhi Public School 20th, is committed to providing quality education in a safe & inspiring environment. The school focuses on academic excellence, discipline, creativity, sports, and moral values. Students are encouraged to think independently, work together, and develop confidence through various curricular and co-curricular activities. With the support of dedicated teachers and parents, the school lets continue to nurture responsible, compassionate, and successful citizens, preparing them for a bright future.

CORE THEME: SHAPING MIND, NURTURING HAND, SHARING HEART

SHAPING MIND

- Shaping your mind means making your life learning to self understanding.
- Effective Strategies: Active Inquiry, Ask questions like "what" and "why", Connect ideas and support to real-life situations.
- Methods and Tools:
 - 1) Critical Thinking
 - 2) Problem Solving
 - 3) Digital Literacy
 - Brain Teaser of the Month
 - My friend and I made a mind map about the world. I was not only not alone about world, but also with my friend.

NURTURING HAND

- Knowledge comes from work and work is a process.
- Practical challenges: Hands-on learning, Build a simple machine model, or experiment at home, using this month's learning, create a model, or a small project.
- Key Skills:
 - 1) Critical Thinking
 - 2) Problem Solving
 - 3) Digital Literacy
 - Brain Teaser of the Month
 - My friend and I made a mind map about the world. I was not only not alone about world, but also with my friend.

SHARING HEART

- Right mind and right heart, the world is a better place.
- Character Values:
 - 1) Empathy
 - 2) Integrity
 - 3) Respect
 - 4) Responsibility
 - 5) Teamwork
 - 6) Leadership
 - 7) Communication
 - 8) Creativity
 - 9) Innovation

Building Minds, Nurturing Hands, and Shaping Hearts

By: [Name]

Education is a transformational journey that extends far beyond the walls of a classroom. Building minds starts with "standard curiosity"; when we ask questions, explore new ideas, and challenge our own thinking, we transform basic information into true wisdom and critical understanding.

However, intellect alone is incomplete without strong character. Nurturing hearts means practicing empathy, kindness, and integrity, and using the world through compassion. It is these core values that determine how we choose to apply our intelligence in daily life.

Finally, shaping hands is where our ideas and empathy turn into tangible action. Whether through art, problem-solving, or acquiring practical skills, using our hands allows us to make a meaningful impact. When mind, heart, and hand work in harmony, we truly grow into thoughtful, compassionate individuals.

Nature - Our Best Teacher

Nature is a gift so bright,
Filling our world with joy and light.
It nurtures hearts with love & care,
And teaches kindness everywhere.

It shapes our hands to plant & grow,
Helping the seeds of hope to sow.
It builds our minds with lessons true,
Showing wonders old & new.

Let's love nature everyday,
Protect its beauty in every day.

Poem: Head, Heart, Hand

When you want good things to start
First & foremost, use your heart
First step is to be kind
Good relationships it will bind

So much help it can do
Use your hands and you can too
Hands can help you when in need
It's like a magical wand indeed

This thing nature ever made
It's a superpower, right its head
Head can create ideas so bright
It can spread in world like light

These 3 things lead to exploration
Which introduces an era of innovation

THE FUTURE WE BUILD

We build our minds with knowledge, bright,
And learn to choose the wrong from right.
We shape our hearts with dreams and care,
And face each challenge, brave and fair.

But education is more than books
It's kindness found in our worlds and looks
A helping hand, a heart that cares,
A world made better where everyone shares.

We shape our heads with thoughts and dreams,
And choose our goals like shining beams
We nurture hearts with love and care,
And learn to help and always share.

BUILDING MIND, SHAPING HEART, NURTURING HAND

Head, Heart, Hand Poem

My head helps me think and learn,
To read, to write, and wisely turn.
My heart teaches love and care,
To help and share with people everywhere.

My hands work hard every day,
Making and helping in every way.
Head, heart, and hand together stand,
Guiding me through life so grand.

With a thinking head, a loving heart,
And helping hands, I do my part.
These three gifts help me understand,
How to grow and serve our land.

CREATIVE MINDS AT WORK

Building Minds, Nurturing Hearts and Shaping Hands

— By Harshal Jain

Education goes beyond textbook facts, it is a transformative journey that molds a child into a balanced, capable and compassionate individual. By focusing on the mind, heart and hands, true learning creates an environment where student thrive as complete human beings.

Nurturing hearts builds empathy while shaping hands turns that care into action through practical skills. Together with an active mind, they teach students to think critically and serve their communities with purpose.

Ultimately, true education unites the head, mind and hands. Balancing intellect, empathy and practical ability prepares students to become balanced, impactful individuals ready to change the world.

— Harshal Jain

BUILDING MINDS, NURTURING HEARTS, SHAPING HANDS

★ A classroom is a vibrant space where knowledge grows at steady pace. Each day we learn and lay down with curious minds the whole day through.

★ We learn well and share our knowledge, we understand what we are taught with kindness shown to one and all. We lift each other when we fall.

★ Our creative hands are busy, soon we will create and write and dream that soon we will build and dream with perfect might to reach the future moon and bright.

NURTURING HEARTS SHAPING HANDS

Nurture the heart with love and care
Teach us kindness, learn to share

Shape our hands with skills to bright
Help us choose what's good and right.

Build our minds with dreams and thought
Fill them with knowledge that can't be brought.

Shravya Patel High School

Head, Heart And Hand

At Balhi Babi School, Kota, we proudly say:
We learn and grow in a brighter way.
With minds that dream and hearts that care,
We build a future strong and fair.

Learning to think — Nurturing the Head
We question, explore, and learn something new,
With curious minds in all that we do.

Learning to care — Educating the Heart
With kindness and respect from every heart,
We spread love with a caring heart.

Learning to do — Empowering the Hand
We turn our ideas into deeds each day,
With courage and effort, we lead the way.

Head, Heart, and Hand — our guiding light,
At Balhi Babi School, Kota, we stand right.
"Service before self" — our motto for true,
In every thought, every deed, we follow it through.

Holistic Education: Preparing students for life

Education, being beyond textbooks and examinations, schools also focus on developing creativity, critical thinking, empathy, and teamwork alongside academic excellence. Through activities such as art, sports, music, and community service, students learn valuable life skills that help them become confident, responsible, and compassionate individuals. Holistic education ensures that every child is prepared not only for a successful career but also for a meaningful and fulfilling life.

Building Minds, Nurturing Hearts and Shaping Hands

It is built with faith and care
Minds that grow our nation, hearts that share
Hands that build a better world, together we
Building a bright, big and right
Learn with wisdom, learn with grace,
To build a better world in place.

Nurture hearts to love and do right
With kindness, courage, truth and light
Train our hands with skill and might
Turn our dreams to living light.

Hearts give purpose, minds give
Hands build hope in every hour
Together we will rise and stand
In stronger action, hand in hand.

Let our values fill us true
Dreams and action both will do
From the classroom to the land
We will build with heart and hand.

Article

<u>Nurturing the Head</u>	<u>Educating the Heart</u>	<u>Empowering the Hand</u>
- Moving past simple memorization to ask deep questions, solve problems, and understand complex systems. - Building a lifelong curiosity and the mental flexibility to learn new ideas. - Developing strong intellectual focus and the ability to process information logically.	- Fostering the ability to feel deeply for others, appreciate beauty, and build warm relationships. - Grounding decisions in moral clarity, social responsibility, and self-awareness. - Managing personal feelings, handling stress with grace, and responding to challenges with kindness.	- Translating abstract thought into physical, tangible creation through crafts, art, or science fairs. - Developing motor skills to coordinate or persevere in tasks. - Applying one's skills to help communities, protect nature, and perform purposeful work.

POEM

The - Building Minds, Nurturing Hearts, Shaping Hands

A poem for a Growing Mind
A little thought begins to grow,
Like seeds that wait beneath the soil.
In every step, it takes a root,
And finds new magic in the ground.

A poem for a Caring Heart
A gentle word, a helping hand,
Can bring a smile across the land.
To feel the joy of others' lives,
And lift a weary, lonely heart.

Class - VII A

The image displays six hand-drawn posters on lined paper, each with a different theme related to kindness, education, and personal growth. The posters are decorated with colorful drawings, cutouts, and illustrations. The themes are: 'The New Magic', 'KINDNESS CARD', 'The strength of minds', 'Seeds of Tomorrow', 'Shaping Mind', and 'Be Kind to Your mind'. Each poster includes handwritten text and drawings of children, flowers, and educational icons. The posters are arranged in a 2x3 grid. The first poster, 'The New Magic', is on orange paper and tells a story about a girl named Rishi. The second, 'KINDNESS CARD', is on purple paper and is about spreading kindness. The third, 'The strength of minds', is on white paper and talks about the power of knowledge and dreams. The fourth, 'Seeds of Tomorrow', is on white paper with a green border and focuses on kindness and growth. The fifth, 'Shaping Mind', is on white paper with a blue border and discusses the importance of education. The sixth, 'Be Kind to Your mind', is on white paper and features a drawing of a brain and flowers. The posters are decorated with various cutouts, including paper flowers, leaves, and small drawings of children and objects. The handwriting is in various colors and styles, and the overall aesthetic is creative and inspiring.

Once upon a time a little girl lived in a magical world, her name was Sofia. She had a mother universally named "Queen". One day friends were having magical powers like her. Sofia decided to go and collect rocks. But she was in a hurry in my journal. Sofia was a "freak" because Sofia didn't have any power like her. But Sofia was the always good. She lived in between all her friends.

on between her and her mother.
On one day, her friend Rosey told her the one dark secret. "That all of them has got these magical powers from their birth. Well, So naturally, mine together is going to have double abilities. Just say I am, they are taking them one by one, little by little. And, look, the Boss has told her. But little master Sam, can help them."
So that evening, she went to her master's house and asked her for a solution. And her time said that getting a new change is impossible but difficult because it come in two's you. She later became very sad, told her the time said that you are very lucky but she said it was coming in three days.
Now, you can take the your magical power. So she became very happy and after three days she had her powers and love of her life happily.

My Good Deed

During my summer holidays, I tried to spread kindness in small ways every day. I helped my mother, kept my room clean and shared my snacks with my elder cousin and spoke kindly to everyone around me. These small acts made me feel happy and taught me that kindness can make someone's day brighter.

"Kindness is free,
but it means everything."

Myra Langway

Every lesson lights a flame, Every dream brings to rise.
Knowledge opens every door, Helping us grow wise.
Creative words and caring deeds, Teaching what is right.
Nurturing hearts with hope so bright, Makes our lives radiant bright.
With curious minds and noble hearts, We stand tall brave and kind.
Together we keep learning, Building and shaping minds.
For true success is not fame, On words that fade away.
It lives in minds that seek the truth,
And hearts that shine with hope and youth.

Build our mind with thought so bright
Fill our hearts with love and light.
Let us learn and dream each day,
And grow with courage on our way.

Kind words can make a great glow,
Kind deeds help coming hearts to grow
With gentle hands and smiles so true
Let kindness guide in all we do

Light our minds with wisdom's ray,
Hunters our hearts along the way.
With hope and courage, strong and true,
We'll build a brighter world to see.

Education is the most powerful tool for shaping your young minds and building a better future. It does not only fill our minds with knowledge but also teaches us how to think, understand, question and make wise decisions. It develops creativity, confidence, kindness and good values in children. Teachers and parents play an important role in guiding your young mind towards the right path.

CLASS-VI

Your mind

A vibrant, hand-drawn illustration of a bouquet of flowers emerging from an open book. The flowers include large pink and yellow blossoms, smaller blue and orange flowers, and green foliage. The book is open, showing its pages, and the flowers appear to be growing from the center where the pages meet. The style is whimsical and artistic, with a focus on bright colors and detailed floral patterns.

GROW YOUR MIND

Thoughts are like stars that
brightly shine.

Ideas bloom in a curious mind.
Read, explore, question, and grow.
There's always something new to

Learn from mistakes, let us
Keep asking "why?" and wait

A changed mind can reach -

In Pursuit of Excellence

Nurturing today,
Preparing for tomorrow.

NASCENT

School Readiness Program

Play Group

2-3 Years

- Holistic Development
- Play-Based Learning
- Early Skill Development
- Safe & Nurturing Environment
- Caring & Experienced Educators

Nascent – Play Group 2-3 Years

This year, our school proudly introduced Nascent – School Readiness Programme, a thoughtfully designed programme for children aged 2–3 years. Recognising that the early years lay the foundation for a child's future learning and development, the programme focuses on creating a safe, nurturing and stimulating environment where little learners can explore, play and learn at their own pace.

Through age-appropriate experiences, children are encouraged to develop their language, motor, social-emotional, cognitive and self-help skills, preparing them for a confident transition into formal schooling.

At our school, we believe that the right learning experiences in the early years can make a lasting difference. Nascent is our step towards giving every child a joyful beginning to their educational journey.
