SUSTAINABLE FUTURE!!**

## What is an MUN?

Model United Nations is a simulation of the United Nations where hundreds of students participate as delegates each year. Students attend conferences as delegates representing a country to discuss current International issues and come up with solutions. A successful MUN delegate is one who maintains diplomacy, and in the end, is able to work with fellow delegates to pass a draft resolution with solid solutions. The deliberations happen as per the procedures and protocols of a MUN.

## Why us?

MIMUN is a renowned MUN conference focused on fostering young leaders' diplomatic skills and global awareness. MIMUN has undergone stellar growth over its incredible journey since 2020.

**ABOUT**

# THE THEME

In a world facing growing environmental, social, and economic challenges, the need for responsible and inclusive decision-making has never been more urgent. This year's theme calls upon delegates to engage in thoughtful dialogue, guided by ethics, science, and equity, to explore sustainable pathways that can lead humanity towards a resilient and just future.

From climate action and green innovation to social justice and responsible governance, every discussion must consider not only immediate impacts but also long-term consequences for future generations. As global citizens and young leaders, we must deliberate with responsibility, act with purpose, and shape solutions that ensure sustainability for all.

Let this year's conference be a platform where ideas turn into action and debates shape a better tomorrow.

# *Letter From the* **SECRETARY GENERAL**

It is with immense pride and joy that I welcome you to MIMUN 5.0 – not just another conference, but a celebration of vision, courage, and the power of youth to shape a better world.

What began as a spark of an idea has grown into a vibrant arena where minds meet, voices rise, and the future is forged. In the halls of our conference rooms, every resolution is more than words on paper; it is a step towards peace. Every negotiation is more than strategy; it is a lesson in empathy. And every speech is more than a statement; it is a call for change.

On behalf of the Secretariat, I welcome you to MIMUN 5.0. May these days inspire you to think fearlessly, act wisely, and carry the torch of diplomacy far beyond these boundaries as the world is watching, and the future is listening.

Sincerely,

**Lisha Agrawal**
