CLAY MODELLING ACTIVITY GRADE I

अमात्रिक शब्द

25TH JULY, 2025

‘Clay can be dirty in the wrong hands, but it can be an art in the right hands.’

Delhi Public School KampTEE Road, Nagpur organised a Clay Modelling Activity for the students of Grade I as a part of their Hindi learning experience. The objective of the activity was to introduce the students to अमात्रिक शब्द in a creative and engaging manner.

The young learners enthusiastically crafted clay models of words like घर, नल and फल, demonstrating their understanding through hands-on experience. The activity not only reinforced vocabulary but also enhanced their fine motor skills, creativity and self-confidence. It served as an effective blend of language learning and artistic exploration.

The success of the activity was evident in the students’ joyful participation, the thoughtful guidance of teachers and the smooth execution of the event. It proved to be a fun and educational experience that made language learning meaningful and memorable.
