WORLD FIRST AID DAY GRADE: I

12TH SEPTEMBER, 2025

World First Aid Day is observed every year on the second Saturday of September to raise awareness about the importance of first aid in saving lives. It reminds us that timely help and simple actions can make a big difference in emergencies before professional medical assistance arrives.

Delhi Public School Kamptee Road, Nagpur celebrated World First Aid Day on 12th September, 2025 with great enthusiasm. An activity was conducted highlighting the need for first aid knowledge in daily life. A live demonstration was also organised by health experts, who showed how to respond to situations like minor injuries, burns, fainting and choking. The students and the teachers actively participated in practising these simple yet effective first aid techniques.

The event helped everyone realise that first aid is not just a skill but a responsibility. It builds confidence to respond during emergencies and ensures safety for ourselves and others. The event concluded with a collective pledge to spread awareness about first aid and always be ready to help those in need.

World First Aid Day served as a powerful reminder that timely assistance can save precious lives. By learning and practicing first aid, we can become more responsible citizens and contribute towards building a safer society.
