### **BRAIN GYM ACTIVITY**

### **27<sup>TH</sup> DECEMBER, 2025**

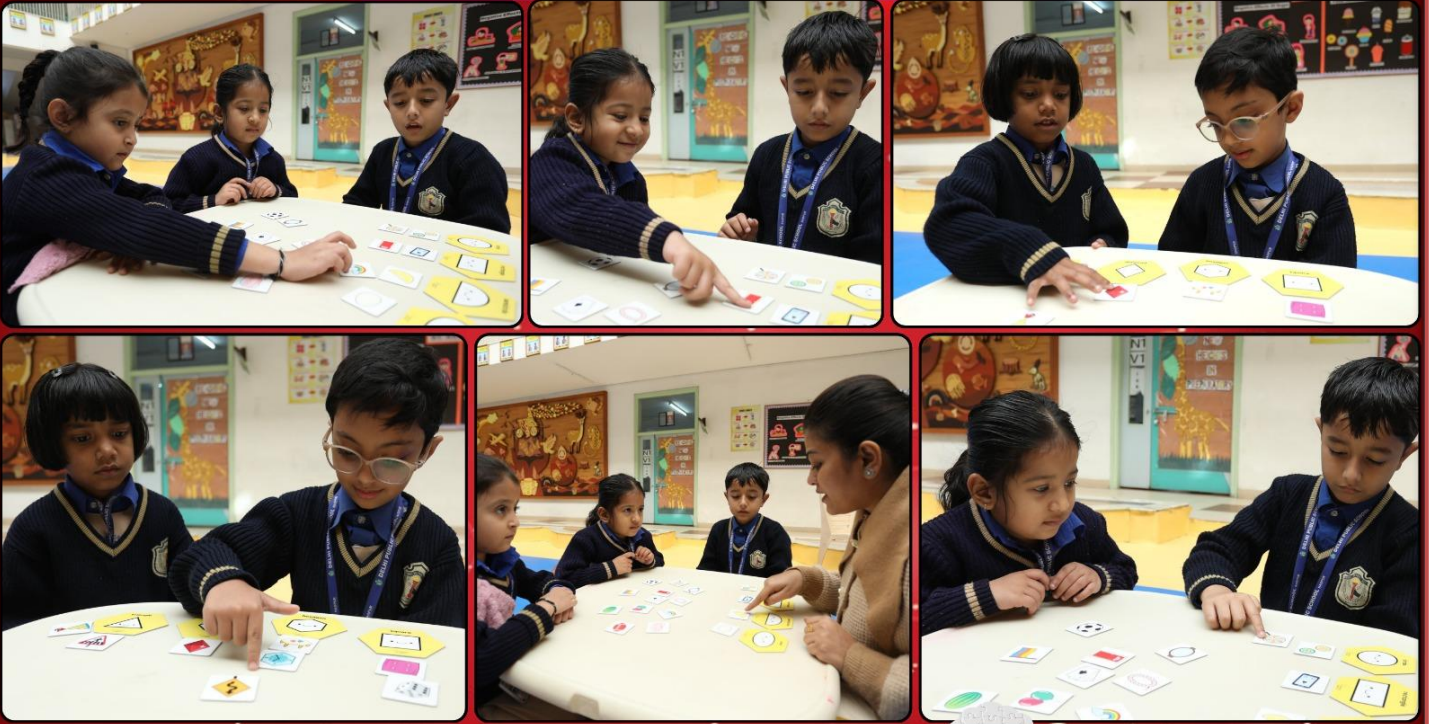

Delhi Public School Kamptee Road, Nagpur conducted a Brain Gym activity for the Preparatory students on 27th December, 2025 with the aim of strengthening early cognitive skills through play-based learning. The activity was designed to make learning engaging, interactive and enjoyable for young learners.

The activity was conducted using the Shape-A-Thon game, where the students were encouraged to identify and match basic shapes with everyday objects. The children actively participated by sorting object cards according to their corresponding shapes through a hands-on and visual approach. The activity helped enhance shape recognition, visual perception, logical thinking and hand-eye coordination. The students participated enthusiastically and thoroughly enjoyed the learning experience, making it both fun and meaningful.

Overall, the Brain Gym activity proved to be effective in promoting early learning skills in a joyful and stimulating environment, fostering curiosity and active engagement among the students.
