

DELHI PUBLIC SCHOOL KAMPTEE ROAD, NAGPUR

MAKE A BAG TAG WELCOME ACTIVITY

1ST JULY, 2026

Delhi Public School Kamptee Road, Nagpur organised a creative 'Welcome Activity' for the students of Grade II on 1st July, 2026. The students had to make a tag for their bags. The activity was planned as a fun icebreaker to help the students begin the new academic session with enthusiasm while encouraging creativity and self-expression.

Using coloured paper, pencils and sketch pens, the students designed attractive bag tags by writing their name, class and bus number or private conveyance details on the front side. On the other side, they penned inspiring quotes and positive messages to motivate themselves throughout the school year. The activity promoted creativity, neatness and a sense of responsibility while allowing the students to personalise their belongings.

The completed bag tags were proudly attached to the students' school bags, serving as colourful keepsakes as well as useful identification tags for safe and efficient transport management. The students thoroughly enjoyed the activity and displayed great enthusiasm in creating their unique designs.

The welcome activity marked a joyful beginning to the new academic session, fostering confidence, creativity and excitement among the students while creating a warm and welcoming classroom environment.
