WINGS OF THANKFULNESS ACTIVITY

3RD SEPTEMBER, 2026

The students of Grade I participated enthusiastically in a creative Butterfly Art Activity as a part of the Teachers' Day celebration. The activity provided them with a joyful opportunity to express their love and gratitude towards their teachers through art and creativity.

Each student designed and coloured a beautiful butterfly using their choice of colours and patterns. The colourful butterflies were then brought together to create a meaningful display carrying the message, 'Thank you for opening our wings and teaching us how to fly.'

The activity helped develop creativity, fine motor skills, colour awareness, symmetry, hand-eye coordination and self-expression. It was a meaningful and engaging experience that allowed the young learners to express their appreciation for their teachers in a joyful and artistic manner.

Wings of Thankfulness and Hearts Full of Gratitude!

The students of Grade I celebrated Teachers' Day through a delightful Wings of Thankfulness Activity, creating colourful butterfly artworks to express their love and appreciation for their teachers. Together, their beautiful creations carried a heartfelt message of gratitude, celebrating the teachers who inspire young minds to spread their wings and fly.
