

DELHI PUBLIC SCHOOL KAMPTEE ROAD, NAGPUR

LITERACY TREE – WORLD LITERACY DAY ACTIVITY

9TH SEPTEMBER, 2026

Delhi Public School Kamptee Road, Nagpur organised a Literacy Tree activity for the students of Grade VI-H on 9th September, 2026 to celebrate World Literacy Day. The activity aimed to help the students understand the importance of literacy and how reading and writing empower individuals to learn, communicate and make informed choices.

A large tree was displayed on the soft board, and each student received a leaf-shaped paper slip to complete the sentence, 'Literacy helps me to...' . The students wrote thoughtful responses such as learning new things, understanding the world, making better choices and becoming independent. They then added their leaves to the tree, creating a colourful and meaningful Literacy Tree together.

Overall, the activity was engaging and educational, encouraging creativity, self-expression, critical thinking and teamwork. The completed Literacy Tree beautifully conveyed the message that literacy helps every individual grow, just as a tree grows with every new leaf.

Growing a Tree of Knowledge!

The students of Grade VI-H celebrated World Literacy Day through a meaningful Literacy Tree activity, sharing how literacy empowers them to learn, grow and make informed choices. With every leaf added to the tree, they created a vibrant symbol of knowledge, imagination and lifelong learning, beautifully reminding us that every reader helps the tree of literacy flourish.
