Assessment System: Foundational Stage (Balvatika -2 to Class II) Session: 2026-27

[As per the National Curriculum Framework for the foundational stage 2023 (NCFFS)]

The assessment system for classes Balvatika- 2 to class II is aligned with the **National Curriculum Framework for the foundational stage**. It emphasizes **holistic, play based and experiential learning**, focusing on the overall development of the child. The school strives to support each child's unique learning journey through continuous, unconventional and meaningful assessments.

TERM-WISE ASSESSMENT OVERVIEW:

The academic year is divided into two terms:

Term 1: April to September

- The focus is on **settling in, building foundational skills and fostering early development**.
- Educators observe children in diverse settings to identify **learning preferences, strengths and areas needing support**.

Term 2: October to March

- Emphasis is on **consolidating knowledge, enhancing engagement and building confidence**.
- At end of the session, review is shared with parents through a comprehensive **Holistic Progress Card (HPC)** highlighting overall growth of the child.

KEY FEATURES OF THE ASSESSMENT SYSTEM:

- **No Formal Written Examination**
Assessment is integrated with daily classroom activities. Learning is assessed through regular class activities, stories, role play, games and conversations.
- **Observation Based Assessment**
Teachers use structured and unstructured observations to assess a child's development. This includes participation in activities, interaction with peers, communication and problem- solving abilities.
 - ❖ **Continuous and Cohesive Assessment:** Assessment through daily classroom activities and interaction.
 - ❖ **Focus on Competencies and Learning Outcomes:** Assessing the child's progress in achieving age- appropriate competencies and learning outcomes.
 - ❖ **Self and Peer Assessment:** Self- reflection and peer interaction is introduced to encourage self-awareness and social learning.

DOMAINS FOR ASSESSEMENT:

1. Physical Development
2. Socio-emotional and Ethical Development
3. Cognitive Development
4. Language and Literacy Development
5. Aesthetic and Cultural Development
6. Positive Learning Habits

ASSESSMENT TOOLS:

- **Anecdotal records** - Detailed observation of individual child's learning behaviours, milestones, and areas of interest.
- **Checklists** – A record of child's accomplishment for the listed learning outcomes.
- **Portfolios** – Collection of student's work samples that reflect progress and growth across both terms.
- **Interaction and conversation notes** – Notes capturing insights and understanding gained through child - teacher dialogues.
- **Worksheets** – A tool to reinforce foundational concepts, develop essential skills and foster active learning.

REPORTING PROGRESS: HOLISTIC PROGRESS CARD (HPC)

Holistic Progress Card, that offers a comprehensive and qualitative overview of a child's development across various domains will be provided at the end of the session. It will display **personalized feedback** of each child highlighting:

- Strengths and interests
- Areas where support is needed

Parent-Teacher meetings will be held regularly to discuss the child's progress in detail, based on the various assessment tools used. This approach aims to create a joyful, inclusive and stress-free learning environment where each child is supported in reaching their full potential at their own pace.

EXAM NORMS: IMPORTANT GUIDELINES FOR STUDENTS AND PARENTS

1. Missed/Retest Exams

- If a Dipsite remains absent in any exam (except for points mentioned in B & C underneath), NO average marks shall be given i.e. the Dipsite will be marked zero.
- If a Dipsite remains absent due to school's event or has missed the Annual exam due to genuine medical reasons, retest shall be conducted only once and shall be held as per the declared schedule.
- If a Dipsite misses a Weekly Test, Evaluations, Practical Exam, or Half-Yearly Exam due to participation in a school event, he/she shall be awarded average marks based on previous exam(s) of the same subject.
- In case a student appears for a Re-Examination for the above reason(s), the student shall not be considered for class ranking, merit position, or academic honours for that academic session.
- Re exam will only be conducted for Annual Examination, subject to genuine reason. For any other exam (WT, E1, E2, E3, HY & PB) "Re exam" will not be conducted for any classes.

2. Use of unfair means

- If a Dipsite found using unfair means, his/her current answer script will be seized and zero marks shall be awarded. A new answer script will be issued, and only the new answer script will be assessed. Such Dipsite will submit a written apology letter duly signed by both the Parents.
- A repeat of such unfair means in future will result in prompt issue of a Transfer Certificate without notice.

3. Attendance

- Every Dipsite must have a minimum of 75% attendance, failing to which he/she will not be allowed to appear in the final examination & hence not be promoted to the next higher class, as per the CBSE guidelines.

- It is to be noted by the parents (LKG-XII) that once the answer sheet is received by the parent on Open Day (PTM) no changes in the marks would be entertained.

KAUSHAL BODH (SKILL EDUCATION)

Kaushal Bodh is introduced in alignment with CBSE's vision of integrating skill-based, experiential and competency-driven learning into school education. Based on the NCERT framework, the subject promotes holistic development by enhancing practical skills, creativity, problem-solving ability, collaboration and real-life application of knowledge.

Key Objectives

- Develop practical and application-based learning skills.
- Enhance communication and presentation abilities.
- Encourage teamwork, leadership and ethical values.
- Promote critical thinking and problem-solving skills.
- Foster creativity and innovation through hands-on activities.

Assessment Structure - Assessment in Kaushal Bodh is conducted twice during the academic session:
