LAKSHMIPAT SINGHANIA ACADEMY INTERNATIONAL
12-B ALIPORE ROAD, KOLKATA 700 027

Dear Parents,

As many of you are aware, a number of students commute to and from school through carpool arrangements. We are thereby writing to clarify the school's position on this matter and to place before a few important points for your safety and awareness.

Parents are hereby informed that any carpool arrangement, however it may have been formed, is a private understanding entered into voluntarily between the parents/guardians concerned, through the concerned carpool supervisor. Such carpools are not organised or supervised by the school in any manner, and do not form part of the School's official transport system.

As these arrangements are made entirely at the discretion of the parents, the school shall not be held responsible for any incident, accident, delay, dispute, or any other issue whatsoever arising out of or in connection with such carpool arrangements, including but not limited to matters concerning the driver, vehicle, route, timing, or conduct of any person involved.

As a general safety recommendation, and purely as a suggestion for parents to consider while forming or joining carpool groups, the school would encourage that carpools carrying students be accompanied by a responsible adult female attendant, in addition to the driver, wherever feasible. Parents may wish to keep this in mind while making arrangements for a carpool.

The school continues to place the highest importance on the safety and well-being of all students, and this notice is issued solely to ensure that parents/guardians are fully informed while making independent commuting arrangements outside the School's official transport network.

We request all parents/guardians to take note of the above and to exercise appropriate caution and care in this regard.
