

MATA BHATEE DEVI

A Recognised Sr. Sec. School

DECEMBER

— at a —
GLANCE

Grade: IV

*“Innovation begins with imagination and through creativity,
we shape the future.”*

Dear Parent,

Greetings!

December is here, bringing with it a renewed focus on the Theme – **Creative & Innovation** and Value – **Encouraging Creative Thinking & Imagination**.

This month, we encourage our students to unleash their creative potential and turn their imaginative ideas into meaningful solutions. By fostering curiosity and creativity, we aim to inspire our learners to dream boldly and innovate fearlessly, laying the foundation for a brighter, more inventive future.

As you all know that with immense enthusiasm Mata Bhatee Devi School is back with its highly anticipated event – ‘**3rd SPIRIT – 2025 The Annual Sports Day**’. We believe that Sports Day is not just about competition but is also an opportunity for personal growth. Through participation, students will develop essential life skills such as confidence, leadership, time management and sportsmanship.

Academically, December will witness the conduction of **Periodic Tests** as part of our continuous evaluation system. These assessments are vital in gauging students' academic progress and helping them strengthen their conceptual understanding. We urge all students to approach these tests with dedication and maintain a balanced mindset, combining preparation with self-care.

A sound body is the foundation of a sound mind, and we are committed to ensuring our students remain healthy and active throughout their academic journey. The school will organize a **Medical Camp** with a team of qualified doctors.

In addition to academics, December will also be a month of vibrant activities. The festive spirit will culminate in joyous Christmas celebrations, spreading warmth and unity. As the month concludes, the '**Together We Can**' event will strengthen the crucial partnership between parents, teachers and students, ensuring a shared vision for your child's holistic development.

- Ch-13 Our Government

GENERAL KNOWLEDGE:

- Ch-25 World Music
- Ch-26 History of India

COMPUTER:

- Ch-6 Internet and Email services
- Ch-7 Development of AI

FELICITATIONS !

'You Can't Win Unless You First Begin. So Start Now.'

Congratulations on your remarkable achievement! Winning this competition is a testament to your hard work, dedication, and extraordinary abilities. Your victory serves as an inspiration to all students around the world, showcasing the incredible heights one can reach with passion and determination.

As you all are aware that in Thriving Thursday & Interhouse Competitions, we organize activities and Competitions for the students and the best entries are awarded with "Certificate of Excellence", the same is uploaded on School Edunext App. and on school Face Book page.

Here, we are sharing the list of winners. Congratulations on your well-deserved success in the Events organized @**Thriving Thursdays**.

Compliment Chain-

JAM Competition held on November 13th , 2025

ORCHID	TULIP	DAFFODIL	ZINNIA
1 st – Shivanya	1 st – Shreya	1 st – Garima	1 st – Kanishka
2 nd – Veronica	2 nd – Lakeet	2 nd – Avni	2 nd – Shanaya
3 rd – Advik	3 rd – Anik/Sanaya	3 rd – Greesha/Pihal	3 rd – Ahana/Virat

I FEEL SPECIAL TODAY, IT'S MY BIRTHDAY

Teachers and friends are the most precious birthday gift for a child. We celebrate the birthday of students by wishing the students in the class and presenting a birthday card to make the day special for them.

HAPPY BIRTHDAY

POSITIVE PARENTING

“Innovation is one of the key skills that determines a child’s future.”

Young minds are the sharpest and most receptive and they grasp things in no time at all. The education system has recognised this and traditional education systems have slowly and steadily been replaced by more modern and innovative methods. Innovations ignite a sense of excitement in kids to learn more and help them become more creative and innovative as they grow.

Here are few tips that help your child to make innovative.

- 1) Develop curiosity:** Kids by nature are always curious about new things and like to explore. If we encourage and try to develop this curiosity, they will always try to learn more and more which is the first step to innovation.
- 2) Encourage taking risks:** Creative thinking and innovation can only blossom if there is a readiness to take risks and make mistakes. So, try to create a culture in which your child is encouraged to take healthy risks.
- 3) Let them choose and decide:** Praise your child whenever they have done a good deed no matter how small. This helps them feel good about themselves.
- 4) Create a platform where their ideas can be shared:** It’s important to recognise that sometimes a child may have the answer to something that an adult doesn’t. Instead of discouraging children, the elders should respect their efforts and individuality and allow them to share their ideas.
- 5) Praise their efforts:** Always praise your child when they try something new, work hard at a task, try new strategies or are creative.

The Bottom Line Creativity and innovation are important life skills and so it is the responsibility of parents and teachers to inculcate these qualities in children.

Thanks & Regards
