*“Creativity opens new paths, and innovation
Gives us the courage to walk them.”*

Dear Parent,
Greetings!

As we step into the month of December, we are excited to introduce our theme — Creativity & Innovation, along with the value of the month — Encouraging Creative Thinking and Imagination. This month focuses on helping children express their ideas freely, explore new possibilities, and develop the confidence to create, experiment, and think beyond the ordinary.

December brings a vibrant mix of learning and key events. Our '3rd Spirit 2025- The Annual Sports Day' event, one of the most significant celebrations of the year, will highlight teamwork, dedication, and the joy of healthy competition as students showcase their athletic spirit. We will also be organizing a Health Camp, during which students will undergo a general health checkup. The month will also bring the joy of Christmas celebrations, allowing children to experience the spirit of sharing, togetherness, and festive cheer. Alongside these events, students will be preparing for their Periodic Test - 2, revising concepts and strengthening their academic foundation. To further support our learners, we will also have the "Together We Can", providing an opportunity for parents and teachers to discuss each child's progress and areas of growth.

As we move through this energetic month, our goal is to nurture young minds to stay curious, imaginative, and innovative — while valuing fitness, learning, and holistic wellness. Together, we can make December a journey filled with creativity, confidence, and joyful discovery.

Problem Solving Skills

Solve the following

I have some five-rupee coins and some two-rupee coins.

The number of two-rupee coins is twice the number of five-rupee coins.

The total money I have is 108 rupees.

So how many five-rupee coins do I have?
And how many two-rupee coins? You still need forty!

POSITIVE PARENTING

“Guidance at home lights the path children walk at school.”

Parental Tips for the Month of December

- 1. Encourage Creative Expression:** Give your child small opportunities to imagine, design, build, or create at home. Simple activities like drawing, crafting, storytelling, or problem-solving enhance creative thinking and confidence.
- 2. Support Exam Preparation:** Help your child plan a balanced study routine with short breaks and focused revision. A calm home environment and gentle guidance can make their preparation more effective and stress-free.
- 3. Celebrate Sportsmanship:** Motivate your child to participate whole-heartedly in Sports Day. Remind them that effort, discipline, and teamwork matter more than winning, and celebrate their spirit and participation.
- 4. Prioritise Health & Wellness:** As the Health Camp takes place, talk to your child about the importance of daily habits like good hygiene, sleep, and healthy eating. Reinforcing these at home supports their overall well-being.
- 5. Share the Festive Spirit:** Use the Christmas season to encourage values like kindness, gratitude, and sharing. Even small acts—writing a thank-you note, helping at home, or being kind to friends—build strong character.

Together, we can work collaboratively to guide our students toward greater confidence, clarity, and success.

The Bottom Line

By fostering gratitude and generosity at home, you'll help your child see that true happiness comes not from what we have, but from what we share.

Warm Regards,

Principal

Mata Bhatee Devi
