*‘Imagination ignites innovation—when we think beyond boundaries, possibilities become realities.’*

Dear Parent,  
Greetings!

As the year gracefully moves towards its finale, we welcome December with the theme “Creativity & Innovation” and the value “Encouraging Creative Thinking & Imagination.” This month inspires us to explore ideas fearlessly, embrace originality and cultivate a learning environment where every child feels empowered to imagine, experiment and transform their thoughts into meaningful creations.

Creativity thrives where curiosity is nurtured, and innovation emerges when challenges are viewed as opportunities. Throughout this month, our initiatives are designed to fuel inventive thinking, spark inspiration and strengthen collaborative growth.

Academically, Evaluation 2 provides students an opportunity to reflect on their learning journey and demonstrate progress through thoughtful preparation and self-expression. ‘Together We Can’ will open doors for constructive conversations between parents and teachers, allowing us to collectively identify strengths, areas of improvement and creative strategies to support each child’s holistic growth.

Health and overall development remain a priority. The upcoming Medical Camp ensures well-being and awareness, while Annual Sports Day – SPIRIT: will celebrate resilience, teamwork, and competitive enthusiasm—where innovation meets strategy on the field. The month concludes with heartwarming celebrations through the Christmas & New Year Class Party, encouraging students to express joy and creativity through festive activities.
