*Festival is not just a celebration;*
*it is a feeling of joy, hope, and togetherness.'*

**Dear Parent,**
**Greetings!**

Welcome to the month of November planner—a treasure trove of the year, filled with festivals, love and blessings.

This month, we repeat our theme, 'Festival Fiesta' alongside the value of 'Safety First' 'Festival Fiesta' signifies the lively and vibrant spirit of celebration. November festivals offer wonderful opportunities for families and communities to come together.

The values of Safety First' embody to enjoy each festival to keep your safety first and share happiness whether through sharing material possessions, knowledge or time, we foster meaningful connections with others. With this spirit, we will be celebrating Diwali and Children's Day.

# POSITIVE PARENTING

*Safety first, always; every journey should end safely."*
*'The true spirit of the festival lies not in the celebration,*
*but in the love ,values and in the memories we create together.'*

**Here are some simple ways to support your child this month:**

**1. Celebrate Together:** Encourage your child to join in festivals with friends as shared experiences build bonds and lasting memories.

**2. Commuting with safety:** Always wear a helmet while riding a two-wheeler and a seat belt in a car.

**3. Instill Sharing & Caring –** Guide kids to distribute sweets, gifts, or food to neighbours, friends, and the needy, fostering kindness and compassion.

**4. Eco-friendly Celebrations:** Involve children in using eco-friendly materials (like clay diyas, natural colors, paper decorations) to teach respect for nature.

**5. Promote Respect & Gratitude –** Encourage children to greet elders, seek blessings, and express gratitude for the abundance in their lives.

Festivals are not just about lights, sweets, and celebrations, but also about nurturing values in our children. Together, let us make every festival a joyful journey of learning, bonding, and spreading happiness.

**Warm Regards,**
