MISSION AND VISION

OUR VISION

Apart from the vision of Christian schools, Montfortian education, in particular, aims to prepare the student for a life that is worth living. As individuals and members of society, the students need to be helped to develop qualities of the mind and heart, as well as basic skills and attitudes. To achieve this, the Montfortian education system is designed as person-oriented, social or the other oriented, professional or work oriented, national or citizen oriented and universal brotherhood and international understanding oriented. Montfortian education envisions working for the total development of the young. They are helped to discover their God-given potentials and work towards their fullest development in order to place them at the service of society. It seeks to enable the young to search for the truth by training them to analyse reality, form critical judgments, search for solutions and work out a synthesis.

OUR MISSION

The Montfortian mission is to help the young develop into upright, creative and loyal citizens imbued with love and concern for others, spiritual sensitivity and a sense of personal freedom, liberty of thought, expression, belief, faith and worship, equality of status and opportunity and fraternity assuring the dignity of the individual and the unity and integrity of nations. It envisions enabling the young to develop into a holistic personality, earn a living, and contribute to the economic, social, political and cultural progress of the nation.

PRINCIPAL'S MESSAGE

Dear Students,

As we look back at the months from April to September, I am filled with immense pride and joy at the enthusiasm, participation and achievements of our students. You have taken part in academic, cultural, sports and co-curricular activities with confidence and dedication, winning prizes and bringing accolades and honour to all our achievers and to our Montfort School.

I congratulate not only those who won, but every student who participated. Participation in itself is an achievement-it builds confidence, teaches perseverance and gives us the courage to face both success and failure.

While we celebrate your accomplishments, I would like you to remember that true education goes beyond marks, medals and certificates. Our greatest goal is to help you become compassionate, good human beings and responsible citizens of our nation.

Dream big and work hard. Celebrate success with humility, accept failure with courage, and always be kind and respectful. Your greatest achievement will not simply be what you accomplish, but the person you become and the difference you make in the lives of others.

I sincerely appreciate our dedicated teachers and the constant support of our parents, whose guidance and encouragement make these achievements possible.

Dear students, continue to participate, continue to excel and continue to make our school proud-but above all, continue to become better human beings.

Wishing you many more opportunities, achievements and meaningful experiences in the months ahead.

With pride and best wishes,

Bro. Albert Abraham, SG

Principal

VICE-PRINCIPAL'S MESSAGE

The function of Education is to teach one to think intensively and to think critically. A school plays very crucial role in shaping a child's future not only this includes the provision of education ensuring learning but moulding the character, morals and value system as well.

We at Montfort School Roorkee, strive to provide education that explore, challenge and groom every aspect of a child's personality. We are determined to provide seamless learning targeted towards excellent academic performance through the incorporation of latest teaching approaches and technologies. We also ensure that we actively work on the physical, emotional, social and spiritual training of our students.

The corridors of our school hum with the ever enthusiastic, ever curious and spontaneous overflow of voices which find an equally refreshing eco in the articles published in the magazine.

I take this opportunity to congratulate all the students and teachers for your creativity and contribution in bringing out this E-Magazine.

Best Wishes,
Bro. Anand Kumar, SG
