**Holiday Homework - IX to XII**

Dear Parents,

Greetings!

As the summer vacation commences, students are encouraged to utilise this time for relaxation, exploration, and meaningful learning experiences with family and friends. In alignment with CBSE guidelines and learning outcomes, Summer Enrichment Activities have been thoughtfully planned to foster creativity, critical thinking, communication, and research skills among students.

*MERAKI*, the exhibition of scholastic and co-scholastic subjects scheduled in July, will provide a platform to showcase the creativity and talent of our students.

The Summer Enrichment Projects will be shared through ERP and are to be submitted within the first week of July. Parents are requested to ensure that the submission dates mentioned for the Holiday Homework are strictly adhered to, as the work will be assessed as part of the students' academic evaluation.

The school will reopen on **Wednesday, 1st July 2026**.

We wish you and your family a safe, pleasant, and enriching summer break.

Warm Regards

Ms. Neelu Singh  
Principal  
Ridge Valley School
