Arrangements for Home-cooked Breakfast and Lunch

Dear Parent,

Greetings!

Hope the summer break was full of learning and enjoyment for our students. We are excited to welcome them back on 1st July 2026!

Parents who have opted to provide home-cooked meals are requested to send both breakfast and lunch for their ward.

To maintain a smooth and consistent meal routine for all students and ensure the health, safety, and independence of students during mealtimes, we request your support with the following:

- Please pack meals in clean, secure containers clearly labelled with your child's name and class.
- Ensure that the food is wholesome, balanced, and age-appropriate.
- Kindly use containers that your child can open and manage independently.
- We request that you avoid sending perishable items that may spoil during the school day.
- Please note that the school reception will not accept any food items once the school day commences.

We sincerely appreciate your cooperation in creating a healthy, safe, and organised environment for all our students.

Warm regards,

Ms Neelu Singh
Principal
Ridge Valley School
