Career Guidance Sessions – Round 1 Insights & Next Steps
(Grades IX to XII)

Dear Parents,

We are pleased to share that the first round of one-on-one career counselling sessions for students of Grades IX to XII has been successfully completed.

During these sessions, students engaged in meaningful discussions with the counsellor and gained greater clarity regarding their interests, strengths, and potential career pathways. Based on these interactions, they have been guided to undertake specific follow-up tasks such as research work, exploration of career options, and small projects to deepen their understanding.

Before we proceed to schedule the second round of sessions, it is important that students make consistent progress on the assigned tasks. We request you to kindly encourage your ward to actively work on these and reflect upon their learnings.

Students are also advised to regularly maintain and update the notebook designated for this work, as it will form an essential part of their discussion in the next session.

Your support in guiding and motivating your ward through this process is greatly appreciated.

Warm regards,

Ms Neelu Singh
Principal
Ridge Valley School
