ABOUT RIDGEMUN

Model United Nations (MUN) is an academic simulation of the United Nations where students step into the roles of diplomats, representing countries to debate global issues, negotiate solutions, and draft resolutions. More than just a debate, MUN cultivates critical thinking, public speaking, diplomacy, research, negotiation, and leadership – skills that empower students to become informed global citizens. RidgeMUN Intra '26 is Ridge Valley School's flagship intra-school Model United Nations conference, bringing together students from across grades to experience international diplomacy in a collaborative and intellectually stimulating environment. Whether participating for the first time or returning as an experienced delegate, every student is given the opportunity to develop confidence, broaden their perspective, and engage with some of the world's most pressing challenges through meaningful dialogue and debate.
