1M1B Youth Climate Diplomacy Program – Grade VIII

Dear Parents,

Greetings!

We are pleased to inform you of an exciting opportunity for the students of Grade 8: the Youth Climate Diplomacy Program, an initiative by **1M1B**. This four-month program empowers students to lead global climate action.

This transformative experience allows students to develop vital future-ready skills through practical action, execute campus awareness campaigns, implement tech-driven sustainable solutions and master storytelling and social media advocacy.

The program culminates at the 10th 1M1B Impact Summit at the **United Nations in Geneva** from **19-20 November 2026**.

Below is the link to the brochure with more information about the program:
