About Rocksport Experiential Holidays

Rocksport Experiential Holidays are designed to empower 9-17-year olds with important life skills that prepare them for life. Campuses for these programs are located near popular tourist destinations and are nestled in the lap of nature, providing a superior alternative over traditional holidays. During the course of the program, students perform adventure activities, explore the local towns, converse with the communities and learn new skills. The programs also offer a unique experience of being one with nature as students learn about flora and fauna and appreciate the calmness and beauty of nature. By working together, they learn the importance of teamwork; identify their strengths, challenge their fears & become confident and responsible individuals.

Rocksport Corbett

SKILL OF LIVING IN THE WILD

Learn to live in forest, use water to transport yourself, track animals by their pugmarks and see them in their natural habitat

The adventure begins with the journey itself. The last 5 km bus ride is in through quaint forest and one has to cross a dry river bed to reach the camp. They explore this jungle camp through nature walks. They track tigers at first light, discover pugmarks and watch elephants, deer, rhesus monkeys and exotic birds from close proximity. They surf through the water to reach their next destination. After a hard-day of jungle expedition, they lounge in the hammocks and retire to the enchanting experience of the night.

Travel Away

275 km from Gurugram & 8 km from Ramnagar into the wild forests of Corbett.

Check Out

Wildlife Sanctuary and Jeep Safaris.

Medical Support

Nearest medical support is 7 km from the campsite and is backed by a nurse on campus.

Camp In

33 Cottages with attached washrooms and AC.

A Day at Camp

At Rocksport Experiential Holidays, experiences are designed in accordance with *ayurvedic doshas* to enhance self-discipline and promote an active lifestyle. The day is divided into 5 phases that aligns students with their natural body clock and helps them master the art of being their most productive selves.

6:00 AM – 9:00 AM Mastering the art of waking up early

This is the time of the day when rigorous exercise, breathing and meditation are most beneficial. Staying active and eating healthy keeps students energised throughout the day.

9:00 AM – 2:00 PM Mastering the art of hard work

The best time of the day to get things done and complete the most difficult tasks. The hardest challenges and the most important tasks can be easily completed during this phase.

2:00 PM – 5:00 PM Mastering the art of creative thinking

This time of the day is most suited to do creative thinking, problem solving or other activities that require brain power. Doing mental activities can reap wonderful rewards at these hours.

5:00 PM – 7:00 PM Mastering the art of introspection

The most ideal thing before the day ends is to sit back and reflect. Sitting in solace, introspecting or writing a journal allows learning and helps prepares for another productive day.

7:00 PM – 10:00 PM Mastering the art of de-stressing

These last few hours of the day should be spent doing calming activities with friends & family. Activities such as singing and sharing stories promoted bonding amongst peers, releases stress and prepares for a restorative night.
