CIRCULAR

Subject: House Uniform & Mont Tracksuit | Optional Student Attire

Circular No. SPSMV/2026-27/6991

Date: 07 October 2026

Dear Parents,

Pranam!

To enhance student comfort while fostering school spirit, we are pleased to introduce House Uniform for Classes I to XII, and Tracksuit for students of Classes Nursery & KG, designed to be worn twice a week on designated activity days.

While opting for this attire is entirely optional, we encourage you to consider the practical benefits it offers for children while participating in regular school activities:

- **Building House Identity, Esprit de Corps & Camaraderie:** For Primary and Senior students, wearing their official House colours instills a sense of belonging, leadership, and healthy competitive spirit during House activities and events.
- **All-Weather Comfort:** Thoughtfully tailored for students of Classes Nursery & KG, the lightweight Tracksuit provides optimal thermal comfort and flexibility, keeping them cozy and active across changing seasons. It will protect children from the mosquito menace too.
- **Functionality & Ease:** Crafted from breathable, durable fabric, both options allow students to move effortlessly between classroom learning, sports, and co-curricular pursuits without needing a change of clothes.
- **Convenience for Parents:** A practical, easy-to-maintain alternative that offers a welcome variation from the daily formal uniform while upholding our institution's standards.

The formal school uniform will continue to represent Salwan Public School's core ethos and tradition. However, these new options will give students an opportunity to engage more comfortably and confidently in active school routines. During winter months, the school Blazer/Jacket may be worn over the House uniform.

We look forward to your support in this endeavour, facilitating our children's comfort & holistic development.

Regards,

Principal

Salwan Public School, Mayur Vihar
