SALWAN MODEL UNITED NATIONS

SERVICE BEFORE SELF

SAMUN

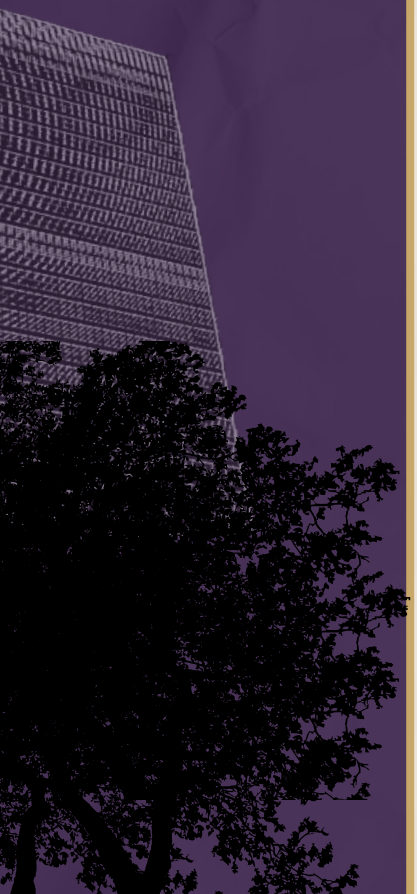

10TH EDITION

2-3 November, 2026

The world does not need more voices, *it needs wise choices.*

From the

PRINCIPAL'S DESK

"The world of the future is in our making. Tomorrow is now."
– Eleanor Roosevelt

At Salwan Public School, Mayur Vihar, we believe that school is not only about preparing students for examinations. It is also about helping them understand the world around them, ask questions and develop the confidence to participate in it.

Over the years, SAMUN has grown into much more than an event on our school calendar. It has become a space where our students come together to question, exchange ideas, listen and learn. It is heartening to see our young delegates step out of their usual classroom environment and engage with issues that concern the world around them.

The tenth edition of Salwan Model United Nations (SAMUN) is a wonderful opportunity for every delegate to do just that. It brings the world into the classroom and gives students a chance to explore issues that affect people and countries across the globe.

An MUN is not simply about speaking well or winning a committee. It is about preparing yourself, understanding different perspectives and learning to put your thoughts across with clarity and confidence. It teaches you that there can be more than one way of looking at an issue and that meaningful dialogue begins when we are willing to listen as much as we are willing to speak.

The world today presents us with challenges that cannot always be understood through a single perspective. Whether it is peace and security, human rights, climate change, development or international cooperation, these issues require young minds to think critically, ask questions and look for possibilities rather than easy answers.

SAMUN gives every delegate the confidence to speak without hesitation, listen without prejudice and disagree with respect. More importantly, I hope you carry these habits with you beyond these two days and into your classrooms, communities and everyday lives.

As we gather for the tenth edition of SAMUN, I encourage you to prepare sincerely, participate wholeheartedly and make the most of every conversation. You may come to SAMUN with a position to defend, but allow yourself to leave with a few new ideas to think about.

May this edition bring you meaningful exchanges, new friendships, memorable experiences and perhaps, a different way of looking at the world.

I wish all our delegates a very enriching and memorable SAMUN experience.

Capt Richa Sharma Katyal
Principal
Salwan Public School, Mayur Vihar

Message From Secretariat

It is with great enthusiasm and immense pride that, the Secretariat of the Salwan Model United Nations, with immense pride and great enthusiasm, extends a warm welcome to all participants to the 10th Edition of the Conference.

Over the years, SAMUN has been a platform for young minds to engage with global issues, exchange perspectives, and discover the value of meaningful dialogue. We are grateful for the journey that has brought us here and look forward to continuing the spirit of discussion, diplomacy, and cooperation that has always been at the heart of SAMUN.

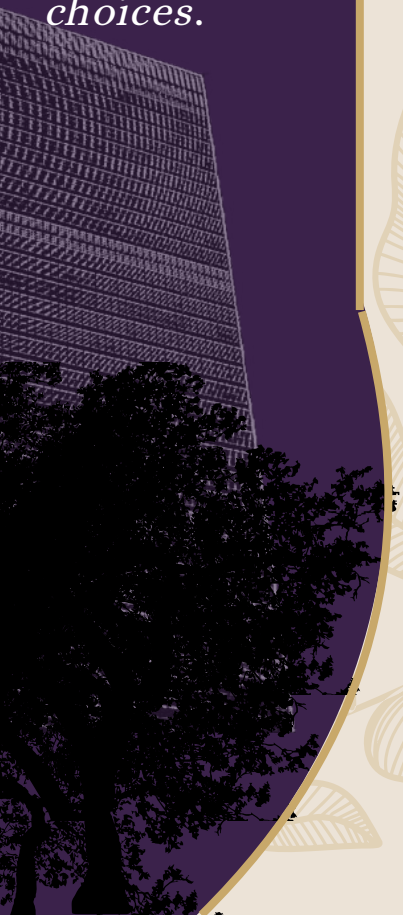

As delegates, you are at the centre of this experience. The ideas you bring, the positions you represent, and the discussions you contribute to will shape the course of these two days. We encourage you to approach every debate with curiosity, every negotiation with purpose, and every discussion with an open mind.

Model United Nations is not simply about presenting a position; it is about understanding an issue from multiple perspectives and working towards solutions through dialogue. We hope SAMUN gives each of you the opportunity to challenge your own thinking, strengthen your ability to communicate, and gain a deeper understanding of the issues you deliberate upon.
Beyond the formalities of debate and diplomacy, we hope this experience leaves you with insights, connections, and memories that extend well beyond the event. The people you meet, the ideas you encounter, and the conversations you engage in are all a part of what makes SAMUN a memorable experience.

As a Secretariat, it is our sincere hope that each one of you participates with enthusiasm, carries yourself with confidence, and makes the most of the opportunity that SAMUN presents.
We look forward to welcoming you all and witnessing two days of engaging debate, thoughtful discussion, and spirited diplomacy.

Kind Regards,
The Secretariat
Salwan Model United Nations

The world does not need more voices, *it needs wise choices.*

Our Legacy And Vision

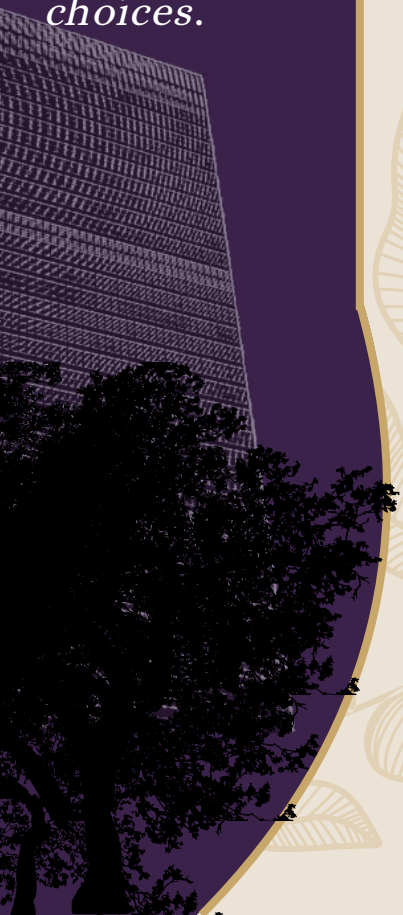

Since its establishment in 2017, the Salwan Model United Nations has evolved into a platform that brings together academic excellence, diplomatic acumen, and youth leadership. What began as an endeavour to encourage young minds to engage with the world has, over the years, grown into a conference defined by intellectual rigour, spirited discourse, and an enduring enthusiasm for learning.

At its heart, SAMUN is shaped by the delegates who enter its committees with distinct ideas, convictions, and approaches. Every edition presents an opportunity for young minds to examine unfamiliar issues, represent differing viewpoints, and immerse themselves in the intricacies of international affairs. It is this diversity of thought that gives every conference its own character.

As SAMUN enters its 10th edition, we envision a conference that encourages delegates to move beyond rehearsed arguments and engage with issues in greater depth. SAMUN'26 aims to cultivate curiosity, sharpen critical thinking, and encourage delegates to approach each agenda with both conviction and consideration.

Our endeavour is to create an experience that challenges delegates intellectually while giving them the freedom to explore, question, and develop their own perspectives. As we celebrate a decade of SAMUN, we look forward to a new generation of delegates adding their own ideas to its continuing story.
