SALWAN

## CIRCULAR

**Subject: Annual Media Consent through EduNext Parent App**

Ref. No. SPS/MV/2026-2027/7050

Date: 24 October 2026

**Dear Parents,**

Pranam!

The school intends to digitise the Annual Media Consent process through the EduNext Parent App to ensure convenience and maintain accurate digital records.

The consent will remain valid for the entire academic session. It is revocable, and parents may choose to change their consent for the next academic session.

The consent pertains to the use of photographs and/or videos of students captured during school activities, events, competitions, assemblies, educational programmes and other school-related activities. These may be used on the school's official website, social media platforms, newsletters, magazines, brochures and other school-related publications.

### Steps to Complete the Consent

1. Log in to the EduNext Parent App.
2. Go to All Menus → Parent Corner → Consent Form.
3. Open the Annual Media Consent Form.
4. Read the details carefully and select the appropriate option — I Grant Permission or I Do Not Grant Permission.

**We request all parents to kindly complete this process by 10 November 2026.**

Your support in adopting this digital process will help reduce paper consumption and contribute towards our shared responsibility of protecting the environment.

Thank you.

Regards,

**Principal**
